**2016 Road Ban Notice on all roads in the Fox Creek Area: Road User Fee Implementation**

Encana asks that all road users restrict traffic on their Fox Creek Area roads to essential loads only. Authorized Road Use Agreement holders will be advised of restricted axle weights and operations period in advance and will be charged a USER FEE of **\$300 FEE PER LOAD** for all loads over 1 ton excluding essential loads (production fluid and camp essentials). This fee will be used to prevent and to repair damage on roads caused by heavy traffic during the road ban period, and is ***above and beyond all other road use fees***. Use of the road during spring break-up will deem agreement to pay the additional USER FEE of \$300 PER LOAD. Payment for the fee(s) must be received within thirty (30) days of invoicing for continued use of the road during break-up conditions.

Road ban periods are expected to come into effect during the first two weeks of March. Road users are expected to complete a road ban user form which can be found at [www.encana.com/business/encana-operated-roads](http://www.encana.com/business/encana-operated-roads) and submit to Encana at [kaybob.roads@encana.com](mailto:kaybob.roads@encana.com)

**Please note** in the case where restricted operations period is lifted and sudden extreme weather conditions develop, Encana may reinstate weight- restricted ban without advance notice. In that case, the **\$300 FEE PER LOAD** for all vehicles over one ton will resume.

**Overweight Loads:** Trucks or equipment that are over the posted allowable axle weight will be fined \$5000 per violation and loss of road use privileges may result.

**Please be aware** repair for road damages resulting from continued use in wet or non-frozen conditions will be the responsibility of the user and may result in loss of road use privileges and/or additional charges to user for damage repair.

**It is your responsibility** to notify all field staff, contractors, engineers and other employees covered and operating under your road use agreement with Encana as to the contents of this letter.

Please contact Encana **road and lease representatives at (780) 513-4960** with any questions or concerns about current road conditions or follow **@kaybobroads** on Twitter.
