Introduction

EnCana Corporation is developing the Deep Panuke natural gas project in Nova Scotia's offshore. The project involves the installation of the facilities required to produce natural gas from the Deep Panuke field, located approximately 175 kilometres offshore Nova Scotia. Natural gas from Deep Panuke will be processed offshore and transported, via subsea pipeline, to Goldboro, Nova Scotia for further transport to market via the Maritimes & Northeast Pipeline.

EnCana is a leading North American unconventional natural gas and integrated oil company. EnCana common shares trade on the Toronto and New York stock exchanges under the symbol ECA. For more information on EnCana, see www.encana.com.

Project Quick Facts

- The project was approved for development by EnCana's Board of Directors in October 2007.
- EnCana has entered into an agreement with Single Buoy Moorings Inc. (SBM) for the provision and operation of the Deep Panuke production field centre.
- The design capacity of the project is 300 MMcf/d of sales-quality gas.
- Regulatory applications for Deep Panuke were filed in 2006, with approvals granted in 2007.

Business Opportunities

EnCana is committed to providing opportunities for Nova Scotian and Canadian companies through employment, procurement and contracting on an internationally competitive basis, with full and fair opportunity for Nova Scotians and Canadians, and first consideration to Nova Scotians where competitive on a best value basis. Companies who have been invited to tender will be required to complete a Canada-Nova Scotia Benefits Questionnaire, and demonstrate their commitment to and compliance with EnCana's requirements regarding Canada-Nova Scotia Benefits, during the tender process.

Interested firms are requested to demonstrate their capabilities and experience via a formal response to this EOI.

Scope of Work

EnCana Corporation seeks qualified individuals, groups and/or companies for the supply (ex-works) of one Pig Launcher/Receiver for installation by others on the Deep Panuke Production Field Centre (PFC) currently under construction in Abu Dhabi in the Middle East.

The Pig Launcher/Receiver is for a 531 mm ID pipeline with an NPS 24 ASME B16.5 Class 900 connection flange fully rated for 15,300 kPag at 70°C. The unit will be skid mounted and include a Quick Opening Closure, piping to various tiepoints, valves, instrumentation, pig signalers, etc.

The Supplier shall be responsible for detailed design, supply of materials, fabrication, assembly, inspection, and testing, in accordance with ASME BPVC Section VIII, as well as technical documentation, painting, and preparation for shipment.

The Supplier shall also be responsible to comply with all Canada-Nova Scotia Offshore Petroleum Board (CNSOPB) Regulations, and provide a Canadian Registration Number (CRN), or Lloyd's Register Certification as Authorized Inspection Agency (AIA), for the equipment.

Project Schedule

It is anticipated that a Request for Quotation will be issued in May 2009, a Purchase Order will be awarded in July 2009, and delivery will be required on site in Abu Dhabi by December 2009.

Information Requested with EOI response

EOI respondents are required to have an implemented Quality Management System that complies with the requirement of the ISO-9000 series of Standards and Safety Management System(s). Respondents are also notified that the Work carried out on the Deep Panuke Project shall comply fully with Canada Nova Scotia Offshore Petroleum Board Regulations.

Respondents must be qualified and demonstrate that they have suitable processes and capability to manufacture the linepipe within the Project Schedule dates outlined above. They must also be able to demonstrate previous experience on similar size projects.

EnCana is committed to providing opportunities for Nova Scotian and Canadian companies through employment, procurement and contracting on an internationally competitive basis, with full and fair opportunity for Nova Scotians and Canadians, and first consideration to Nova Scotians where competitive on a best value basis. Pre-qualified companies will be required to complete a Canada–Nova Scotia Benefits Questionnaire, and demonstrate their commitment to and compliance with EnCana's requirements regarding Canada–Nova Scotia Benefits, during the tender process.

EnCana will select qualified bidders using the responses to this EOI as a guide. Any eventual list of Bidders will be posted on the EnCana website and other industry websites such as BIDS Nova Scotia. EnCana reserves the right to select more than one Contractor to execute the above Scope of Work.

EnCana is under no obligation to proceed with a Request for Proposal as a result of this call for Expressions of Interest. Respondents that qualify will be invited to participate in the event Proposals are solicited.

Interested firms are requested to demonstrate their capabilities and experience via a formal response to this EOI and the Prequalification Questionnaire, which can be obtained from BIDS Nova Scotia at the address provided below.
