ENCANA CORPORATION

NOTICE OF ANNUAL AND SPECIAL MEETING OF SHAREHOLDERS

Dear Shareholder:

You are cordially invited to attend the Annual and Special Meeting of Shareholders (the "Meeting") of EnCana Corporation (the "Corporation") which will be held at the Calgary TELUS Convention Centre, Exhibition Hall E, North Building, 2nd Floor, 136 - 8 Avenue S.E., Calgary, Alberta, Canada on Wednesday, April 25, 2007 at 2:00 p.m. (Calgary time).

The purposes of the Meeting are:

1. to receive the Consolidated Financial Statements and the Auditors' Report for the year ended December 31, 2006;
2. to elect directors;
3. to appoint auditors for the ensuing year and authorize the directors to fix their remuneration;
4. to consider and, if deemed appropriate, pass an ordinary resolution reconfirming the shareholder rights plan, as described in the accompanying Information Circular;
5. to consider and, if deemed appropriate, pass an ordinary resolution approving an amendment to the employee stock option plan of the Corporation which provides for a specific amendment procedure, as described in the accompanying Information Circular;
6. to consider and, if deemed appropriate, pass an ordinary resolution approving an amendment to the employee stock option plan of the Corporation which provides for a blackout extension period, as described in the accompanying Information Circular; and
7. to transact such other business as may properly be brought before the Meeting or any adjournments thereof.

Shareholders are asked to complete, sign and return the enclosed proxy in the envelope provided or, alternatively, vote by telephone or the internet at their discretion. Please note that your proxy must be deposited and received by CIBC Mellon Trust Company, at the address specified on page 2 of the accompanying Information Circular, by 2:00 p.m. (Calgary time) on Monday, April 23, 2007; or, if the Meeting is adjourned, not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time of the reconvened meeting, otherwise the proxy may be invalid. Complete directions for use of the telephone or the internet to transmit your voting instructions are provided in the enclosed proxy and are described in the accompanying Information Circular.

Shareholders of record at the close of business on March 5, 2007 will be entitled to receive notice of and vote at the Meeting.

Your participation as a shareholder is very important to our Corporation. Please ensure your common shares are represented at the Meeting.

Sincerely,

Kerry D. Dyte
Corporate Secretary

Calgary, Alberta
March 13, 2007

ENCANA CORPORATION
INFORMATION CIRCULAR
GENERAL PROXY INFORMATION

SOLICITATION OF PROXIES

The enclosed form of proxy is solicited by the management of EnCana Corporation (the "Corporation" or "EnCana") for use at the Annual and Special Meeting of Shareholders (the "Meeting") to be held on April 25, 2007, at the place and time and for the purposes set forth in the Notice of Annual and Special Meeting of Shareholders (the "Notice of Meeting") accompanying this Information Circular. The solicitation will be primarily by mail, but proxies also may be solicited personally by directors and regular employees of the Corporation. All expenses in connection with the solicitation will be borne by the Corporation.

In addition, EnCana has retained Georgeson Shareholder Communications Canada Inc. ("Georgeson"), 100 University Avenue, 11th Floor, South Tower, Toronto, Ontario, M5J 2Y1, at a fee of approximately \$45,000 plus out-of-pocket expenses to aid in the solicitation of proxies from individual and institutional investors in Canada and the United States. If you have questions about the information contained in this Information Circular or require assistance in completing your proxy form, please call Georgeson at 1-866-725-6576.

EnCana will provide proxy materials to brokers, custodians, nominees and fiduciaries and will request that such materials be promptly forwarded to the beneficial owners of EnCana common shares (the "Common Shares") registered in the names of such brokers, custodians, nominees and fiduciaries.

Unless otherwise stated, the information contained in this Information Circular is given as of the date hereof and all dollar amounts are in Canadian dollars.

VOTING INFORMATION

What am I voting on?

You will be entitled to vote on the resolutions relating to:

- the election of directors;
- the appointment of auditors;
- the reconfirmation of the shareholder rights plan;
- the amendment to the employee stock option plan providing for a specific amendment procedure;
- the amendment to the employee stock option plan providing for a blackout extension period; and
- any other business that may properly be brought before the Meeting.

Am I eligible to vote?

You are eligible to vote if you were a holder of Common Shares of EnCana as of the close of business on March 5, 2007, the record date for the Meeting. Each Common Share is entitled to one vote.

How do I vote if I am eligible to vote?

Registered shareholders

You are a registered shareholder if the Common Shares are registered in your name. Your Common Shares are represented by a physical share certificate. You may cast your vote or convey your voting instructions by one of the following methods:

1. Attend the Meeting

If you wish to vote in person at the Meeting, simply attend the Meeting where your vote will be taken and counted. Registered shareholders who attend in person need to register with EnCana's transfer agent, CIBC Mellon Trust Company ("CIBC Mellon"), upon arriving at the Meeting at the table identified as "Shareholder Registration".

— or —

2. By Proxy

(a) You may authorize the management representatives of the Corporation named in the proxy form to vote your Common Shares. You may convey your voting instructions as follows:

- By signing and returning your form of proxy in the prepaid envelope provided; or
- By delivering your form of proxy to the Corporate Secretary of the Corporation c/o CIBC Mellon Trust Company, 600 The Dome Tower, 333 - 7 Avenue S.W., Calgary, Alberta, T2P 2Z1; or
- By internet at www.eproxyvoting.com/encana and following the instructions on the enclosed proxy form; or
- By telephone by calling toll free to 1-866-271-1207 and following the voice instructions.

In order to vote via the telephone or the internet, you will be required to enter the 13-digit **Control Number** located on the back side of the form of proxy (see Box 2) that has been provided to you.

Please note that in order for your vote to be recorded, your proxy must be received by CIBC Mellon no later than 2:00 p.m. (Calgary time) on April 23, 2007.

(b) **You may appoint a person other than the persons designated in the form of proxy to attend the Meeting on your behalf and vote your Common Shares.** If you choose this option, you can appoint your proxy by mail or through the internet. If by mail, insert the name of your nominee in the space provided in the paper form of proxy enclosed or complete another proper form of proxy and indicate how you would like your Common Shares voted. Sign and deposit it with the Corporate Secretary of the Corporation, c/o CIBC Mellon, within the time and in the manner specified above. You may also appoint another person to be your proxyholder and indicate how you want your Common Shares voted through the internet as described above. A person appointed as a proxyholder need not be a shareholder of the Corporation, but must attend the Meeting and vote on your behalf in order for your votes to be counted.

Non-registered shareholders

You are a non-registered shareholder if your Common Shares are not registered in your name, but are held in the name of an intermediary such as a securities broker or a financial institution. Your Common Shares are not represented by a physical share certificate, but are recorded on an electronic system. If you have requested Meeting materials, EnCana will provide the Meeting materials to your intermediary and will request that such materials be promptly forwarded to you.

Your intermediary may include in your package either a form of proxy as to the number of Common Shares beneficially owned by you (which may resemble the form of proxy provided to a registered shareholder) or a voting instruction form. In either case, the purpose of such form of proxy or voting instruction form is limited to instructing your intermediary, as the registered shareholder, how to vote on your behalf as a non-registered shareholder.

All non-registered shareholders of Common Shares who receive these materials through an intermediary should carefully follow the instructions that accompany the form of proxy or the voting instruction form.

As a non-registered shareholder, you may cast your vote or convey your voting instructions as follows:

1. Attend the Meeting

- (a) If you received a form of proxy from your intermediary, insert your name in the blank space provided to appoint yourself as proxyholder. Return the form of proxy in accordance with your intermediary's instructions; or
- (b) If you received a voting instruction form from your intermediary, follow the instructions on it.

Non-registered shareholders who appoint themselves as proxyholders should, at the Meeting, present themselves to a representative of CIBC Mellon at the table identified as “Shareholder Registration”.

— or —

2. By Proxy

(a) If you do not plan to attend the Meeting, you may vote by authorizing the management representatives of the Corporation named in the proxy form to vote your Common Shares. You may convey your voting instructions as follows:

- If you received a form of proxy from your intermediary, you may vote by authorizing the management representatives of the Corporation named in the form of proxy to vote your Common Shares. Return the form of proxy in accordance with your intermediary’s instructions; or
- If you received a voting instruction form from your intermediary, follow the instructions on it.

Please note that the procedures from intermediaries generally allow voting by telephone, internet, mail or fax. If you have any questions about these procedures, please contact your intermediary directly.

(b) **If you received a proxy form from your intermediary, you may vote by authorizing a person other than the management representatives of the Corporation named in the form of proxy to vote your Common Shares.** Return the form of proxy in accordance with your intermediary’s instructions. A person appointed as a proxyholder need not be a shareholder of the Corporation, but must attend the Meeting and vote on your behalf in order for your votes to be counted.

How will my Common Shares be voted if I appoint a proxyholder?

If the form of proxy is duly completed and timely deposited, the persons named in the proxy are authorized to attend the Meeting and to vote your Common Shares. The Common Shares represented by your form of proxy will be voted for, against or withheld from voting in accordance with your instructions on any ballot that may be called for. If you have specified a choice with respect to any matter to be acted on, your Common Shares will be voted accordingly. If you have not specified how to vote on a particular matter, then your proxyholder can vote your Common Shares as he or she sees fit.

If you have appointed a person designated by EnCana to act and vote on your behalf as provided in the form of proxy and you do not provide any instructions concerning any matter identified in the Notice of Meeting, the Common Shares represented by such proxy will be voted in favour of:

1. **the election of the persons nominated for election as directors;**
2. **the appointment of PricewaterhouseCoopers LLP, Chartered Accountants, as auditors and the authorization of the directors to set their remuneration;**
3. **the reconfirmation of the shareholder rights plan, as described in this Information Circular;**
4. **the amendment to the employee stock option plan providing for a specific amendment procedure, as described in this Information Circular; and**
5. **the amendment to the employee stock option plan providing for a blackout extension period, as described in this Information Circular.**

Who may sign the form of proxy?

For a shareholder who is an individual, the form of proxy may be signed by the individual. In the case of a shareholder which is a body corporate or an association, the proxy must be executed by a duly authorized officer or by an authorized attorney. Persons signing as authorized attorneys, executors, administrators or trustees should so indicate and must provide a true copy of the document establishing their authority. An authorized person(s) of a partnership should sign in the partnership’s name.

What happens if there are amendments to or variations of matters identified in the Notice of Meeting?

The form of proxy confers discretionary authority upon the persons named therein with respect to amendments to or variations of matters identified in the Notice of Meeting and other matters which may properly come before the Meeting. At the time of printing this Information Circular, the Corporation’s management knows of no such amendments, variations or other matters to come before the Meeting other than the matters referred to in the Notice of Meeting. However, if any such amendments, variations or other matters, including procedural matters, are required to be voted on at the Meeting, or any

adjournments thereof, the persons named in the enclosed form of proxy will vote the Common Shares in respect of which they are appointed proxyholder in accordance with their best judgment.

How many votes are required for each matter set out in the Notice of Meeting to be approved?

For each of the matters set out in the Notice of Meeting to be approved, more than 50 percent of the votes cast by shareholders, present in person or represented by proxy, must be cast in favour of such resolutions.

How is voting confidentiality maintained?

Proxies are counted and tabulated by CIBC Mellon, the transfer agent of the Corporation, in such a manner as to preserve the confidentiality of the votes of individual holders of Common Shares, except: (a) as necessary to meet applicable legal requirements; (b) in the event of a proxy contest; or (c) in the event a holder of Common Shares has made a written comment on the proxy.

Can I revoke my proxy?

If you are a registered shareholder and have voted by telephone or the internet, then conveying a new vote by any of these two means prior to 2:00 p.m. (Calgary time) on April 23, 2007 will revoke your prior vote.

If you are a registered shareholder who has returned a proxy form, you may revoke it by:

1. signing another proper form of proxy bearing a later date and depositing it with the Corporate Secretary of the Corporation, c/o CIBC Mellon Trust Company, 600 The Dome Tower, 333 - 7 Avenue S.W., Calgary, Alberta, T2P 2Z1, within the time and in the manner specified for deposit of proxies; or
2. signing a written notice of revocation and depositing it with the Corporate Secretary of the Corporation either: (a) c/o CIBC Mellon at the address noted in 1 above; or (b) at the registered office of the Corporation, 1800, 855 - 2 Street S.W., Calgary, Alberta, T2P 2S5, at any time up to and including the last business day preceding the day of the Meeting or any adjournments thereof; or
3. signing a written notice of revocation and delivering it to the Chairman of the Meeting on the day of the Meeting or any adjournments thereof.

If you are a non-registered shareholder, you may revoke your proxy or voting instructions given to an intermediary by notifying such intermediary in accordance with the intermediary's instructions.

How many Common Shares are outstanding?

As of February 28, 2007, there are issued and outstanding 771,507,664 Common Shares.

To the knowledge of the directors and management of the Corporation, as at February 28, 2007, no person or company beneficially owns, directly or indirectly, or exercises control or direction over, voting securities carrying more than 10 percent of the voting rights attached to voting securities of the Corporation.

Who do I contact if I have any questions?

If you have questions about the information contained in this Information Circular or require assistance in completing your proxy form, please contact Georgeson, the Corporation's proxy solicitation agent, at 1-866-725-6576.

PURPOSES OF THE MEETING

CONSOLIDATED FINANCIAL STATEMENTS AND AUDITORS' REPORT

The audited consolidated financial statements of the Corporation for the year ended December 31, 2006 and the auditors' report thereon will be placed before the Meeting. The year-end financial statements and Management's Discussion and Analysis are contained in the 2006 Annual Report, which is mailed to registered shareholders and to beneficial shareholders who opted to receive it. The 2006 Annual Report can also be found on the Corporation's website www.encana.com.

ELECTION OF DIRECTORS

The Articles of the Corporation provide that the minimum number of directors shall be 8 and the maximum number shall be 17. There are currently 14 directors. The board of directors of the Corporation (the "Board" or the "Board of Directors") has set the number of directors to be elected at the Meeting at 15. At the Meeting, shareholders will be asked to elect as directors the 15 nominees listed in the following table to serve until the close of the next annual meeting of shareholders, or until their respective successors are duly elected or appointed. Thirteen of the proposed nominees were duly elected as directors at the Annual Meeting of Shareholders held on April 26, 2006. Mr. Gwyn Morgan resigned from the Board effective October 25, 2006 and Mr. Michael N. Chernoff has chosen to retire from the Board effective April 25, 2007. Mr. Allan P. Sawin and Mr. Wayne G. Thomson are new nominees to the Board.

The following table provides the names, ages and cities of residence of all persons proposed to be nominated for election as directors of the Corporation, their committee memberships, the date on which each became a director of Alberta Energy Company Ltd., PanCanadian Energy Corporation (or its predecessor, PanCanadian Petroleum Limited), as EnCana was then named, or EnCana, the present occupations and brief biographies of such persons, and the number of securities of the Corporation owned, controlled or directed by each and the number of deferred share units held as at February 28, 2007 and February 28, 2006. The Corporation indirectly acquired all of the shares of Alberta Energy Company Ltd. on April 5, 2002 and changed its name to EnCana Corporation. The Corporation amalgamated with Alberta Energy Company Ltd. and another wholly owned subsidiary on January 1, 2003.

Nominee for Election as Director ⁽¹⁾	Age	Director Since	Common Shares Owned, Controlled or Directed ⁽²⁾⁽³⁾		Deferred Share Units ⁽⁴⁾		Total Market Value of Common Shares and Deferred Share Units ⁽⁵⁾	
			2007	2006	2007	2006	2007	2006

Member of: – Audit Committee – Human Resources and Compensation Committee – Reserves Committee (Chair)	<p>Mr. Stanford is President of Stanford Resource Management Inc. (investment management) and Chairman and a director of OPTI Canada Inc. (oilsands development and upgrading company). He is a director of Kinder Morgan, Inc. (U.S. midstream energy company) and NOVA Chemicals Corporation (commodity chemical company), and is also a director of a number of private companies. In the not-for-profit sector, he serves as Chair of the Sustainable Development Technology Canada Foundation. He was President and Chief Executive Officer of Petro-Canada (oil and gas company) from 1993 until his retirement in January 2000 and served as non-executive Chairman of Petro-Canada from January to May 2000. In 2004, Mr. Stanford was appointed an Officer of the Order of Canada.</p> <p>He holds a Doctor of Laws (Hon.) and a Bachelor of Science in Petroleum Engineering (University of Alberta) and a Doctor of Laws (Hon.) and a Bachelor of Science in Mining (Concordia University).</p>							
Wayne G. Thomson Calgary, Alberta Canada	55	n/a	0	0	n/a	n/a	n/a	n/a
	<p>Mr. Thomson is being nominated for election as a director of the Corporation at the Meeting. Since February 2005, Mr. Thomson has been President and a director of Virgin Resources Limited (private junior international oil and gas exploration company with activities focused in Yemen). He is also a director of TG World Energy Corp. (TSX Venture listed international oil and gas exploration company). He is also a director of EcoMax Energy Services Ltd. (TSX Venture listed oil and gas service company), from which board he will be resigning effective May 24, 2007. Mr. Thomson was President and a director of Airborne Pollution Control Inc. from 2001 to 2003. Prior to 2001, he served as President and a director of private companies in the oil and gas sector, namely, Hadrian Energy Corp., Gardiner Exploration Limited and Petrocorp Exploration Limited (New Zealand oil and gas company), a division of Fletcher Challenge (a public company), and was also President of Gardiner Oil and Gas Limited while it was a public company listed on the Toronto Stock Exchange.</p> <p>He has a Bachelor of Science, Mechanical Engineering (University of Manitoba).</p>							

(1) For information concerning cease trade orders, bankruptcies, penalties or sanctions in the past 10 years of corporations of which the Corporation's nominees for election as directors served as directors, please see the section entitled "Directors and Officers" contained in the Corporation's Annual Information Form dated February 23, 2007.

(2) The information as to the Common Shares owned, controlled or directed has been furnished by each of the nominees as of February 28, 2007 and February 28, 2006.

(3) Common Share option grants were made to non-officer directors, as part of their compensation prior to October 23, 2003, under the Directors' Stock Option Plan (the "DSOP"). All outstanding options have vested and may be exercised at any time prior to their expiry date. Effective October 23, 2003, the Corporation discontinued further grants under the DSOP and, effective October 25, 2005, the Corporation terminated the DSOP. A detailed description of the DSOP is set out under the heading "Equity Compensation Plan Information — Directors' Stock Option Plan". The following sets out outstanding options held by current directors under the DSOP. The option amounts also include non-DSOP options granted to certain directors who are or were officers of the Corporation, as follows: Mr. M.A. Grandin — 123,120 options; Mr. R.K. Eresman — 790,000 options; and Mr. D.P. O'Brien — 97,660 options. The "Value of Unexercised Options" was determined by multiplying the number of unexercised options held by each nominee as of February 28, 2007 by the

difference between the closing price of the Common Shares on the Toronto Stock Exchange on February 28, 2007 (\$56.85) and the exercise price of such options.

	<u>Options to Acquire Common Shares</u>	<u>Value of Unexercised Options</u>
		\$
R.S. Cunningham	0	0
P.D. Daniel	30,000	988,950
I.W. Delaney	30,000	988,950
R.K. Eresman	790,000	6,201,500
M.A. Grandin	153,120	6,575,315
B.W. Harrison	5,000	165,500
D.A. Lucas	0	0
K.F. McCready	25,000	824,800
V.A.A. Nielsen	26,000	857,630
D.P. O'Brien	97,660	4,417,162
J.L. Peverett	0	0
D.A. Sharp	30,000	988,950
J.M. Stanford, O.C.	26,000	857,630
TOTAL	<u>1,212,780</u>	<u>22,866,387</u>

- (4) The information as to the deferred share units (“DSUs”) held by directors is as of February 28, 2007 and February 28, 2006. For more detailed information relating to the DSUs held by the directors, see “Statement of Executive Compensation — Compensation of Directors”. The DSUs held by Mr. R.K. Eresman were granted on December 18, 2002 and vested equally on April 17, 2003, 2004 and 2005. Additional DSUs are allocated to reflect notional dividend equivalents under the deferred share unit plan. Following termination of employment of the participant, and by December 15 of the first calendar year thereafter, the value of the DSUs credited to the participant’s account is calculated by multiplying the number of DSUs in the participant’s account by the then market value of an EnCana Common Share. The after-tax amount is paid to the participant. Grants of DSUs for executive officers have been replaced with grants of performance share units commencing in 2003. See “Statement of Executive Compensation — Summary Compensation Table”.
- (5) The “Total Market Value of Common Shares and Deferred Share Units” was determined by multiplying the number of Common Shares and DSUs held by each nominee as of February 28, 2007 in respect of 2007 and as of February 28, 2006 in respect of 2006 by the closing price of the Common Shares on the Toronto Stock Exchange on each such date (\$56.85 and \$47.00, respectively).
- (6) As an *ex officio* non-voting member, Mr. D.P. O’Brien attends as his schedule permits and may vote when necessary to achieve a quorum.

At February 28, 2007, the number of Common Shares held beneficially by EnCana directors and senior management, Common Shares held by employees under the Corporation’s savings plans, together with the total number of Common Shares under option, amount to approximately 45.5 million Common Shares, representing approximately 5.6 percent of the voting shares of EnCana on a diluted basis. In addition, directors and senior management held 605,715 deferred share units.

The management of the Corporation has no reason to believe that any of the above nominees will be unable to serve as a director but, in the event that a vacancy among the original nominees occurs for any reason prior to the Meeting, the persons named in the enclosed form of proxy will vote the Common Shares, in respect of which they are appointed proxyholder, in accordance with their best judgment.

A list of the other public company board memberships of nominees for election as directors of EnCana is set out in Appendix “A” attached to this Information Circular.

Committee Memberships and Record of Attendance at Meetings

The following tables summarize the meetings of the Board and its Committees held for the 12-month period ending December 31, 2006 and the attendance of individual directors of the Corporation at such meetings.

<u>Type of Meeting Held</u>	<u>Number of Meetings</u>

Total Attendance Rate		<u>98%</u>	<u>99%</u>

- (1) Mr. Chernoff is not standing for re-election to the Board at the Meeting.
- (2) Mr. Morgan resigned from the Board effective October 25, 2006 in accordance with plans established at the time of his retirement as President & Chief Executive Officer at the end of December 2005.
- (3) As an *ex officio* non-voting member of the Committees of the Board, Mr. D.P. O'Brien attends as his schedule permits and may vote when necessary to achieve a quorum.
- (4) Ms. Peverett joined the Pension Committee during the second quarter of 2006.

APPOINTMENT OF AUDITORS

The Board recommends that PricewaterhouseCoopers LLP, Chartered Accountants, Calgary, Alberta, be appointed as auditors of the Corporation to hold office until the close of the next annual meeting of shareholders and that the directors of the Corporation be authorized to fix their remuneration. The firm of PricewaterhouseCoopers LLP, or its predecessor, has been the auditors of the Corporation for more than five consecutive years.

Representatives of PricewaterhouseCoopers LLP will be present at the Meeting, will be given the opportunity to make a statement if they so wish and will respond to appropriate questions.

AUDITORS' FEES

The following table provides information about the fees billed to the Corporation for professional services rendered by PricewaterhouseCoopers LLP during fiscal 2006 and 2005:

	<u>2006</u>	<u>2005</u>
	(US\$ thousands)	
Audit Fees ⁽¹⁾	\$3,762	\$3,726
Audit-Related Fees ⁽²⁾	401	894
Tax Fees ⁽³⁾	1,215	1,021
All Other Fees ⁽⁴⁾	34	26
Total	<u>\$5,412</u>	<u>\$5,667</u>

- (1) Audit fees consist of fees for the audit of the Corporation's annual financial statements or services that are normally provided in connection with statutory and regulatory filings or engagements.
- (2) Audit-related fees consist of fees for assurance and related services that are reasonably related to the performance of the audit or review of the Corporation's financial statements and are not reported as Audit Fees. During fiscal 2006 and 2005, the services provided in this category included due diligence reviews in connection with acquisitions and divestitures, research of accounting and audit-related issues and review of reserves disclosure.
- (3) Tax fees consist of fees for tax compliance services, tax advice and tax planning. During fiscal 2006 and 2005, the services provided in this category included assistance and advice in relation to the preparation of corporate income tax returns and expatriate tax services.
- (4) During fiscal 2006 and 2005, the services provided in this category included the payment of maintenance fees associated with a research tool that grants access to a comprehensive library of financial reporting and assurance literature and a working paper documentation package used by the Corporation's internal audit group.

EnCana did not rely on the *de minimus* exemption provided by Section (c)(7)(i)(C) of Rule 2-01 of SEC Regulation S-X in 2005 or 2006.

SPECIAL BUSINESS OF THE MEETING

RECONFIRMATION OF THE SHAREHOLDER RIGHTS PLAN

PanCanadian Energy Corporation (as EnCana was then named) adopted a shareholder rights plan effective July 30, 2001 (the “Rights Plan”). The Rights Plan was amended and restated as of September 13, 2001, and was approved by the shareholders of PanCanadian Energy Corporation at a special meeting of shareholders held on September 26, 2001. The Rights Plan was amended and restated as of April 28, 2004, and was approved by the shareholders of EnCana at a special meeting of shareholders held on April 28, 2004, as required by the Toronto Stock Exchange (the “TSX”).

Holders of Common Shares will be asked at the Meeting to consider and, if deemed appropriate, to approve an ordinary resolution, the text of which is set forth below (the “Rights Plan Resolution”), to reconfirm the Rights Plan. For the Rights Plan to continue in effect after the Meeting, it must be reconfirmed by a simple majority of votes cast by the Independent Shareholders at the Meeting. “Independent Shareholders” is defined in the Rights Plan, in effect, as all holders of Common Shares, excluding any Acquiring Person (as defined therein), any person that is making or has announced a current intention to make a take-over bid for the Common Shares, affiliates, associates and persons acting jointly or in concert with such excluded persons, and any employee benefit, deferred profit sharing, stock participation or other similar plan or trust for the benefit of employees of EnCana unless the beneficiaries of the plan or trust direct the manner in which the Common Shares are to be voted. As of the date hereof, EnCana is not aware of any holder of Common Shares that would be excluded from the vote on the basis that such holder is not an Independent Shareholder. **If the Rights Plan Resolution is not passed, the Rights Plan will terminate.**

Purpose of Rights Plan

The primary objective of a rights plan is to provide the Board with sufficient time to explore and develop all options for maximizing shareholder value if a take-over bid is made for EnCana and to provide every shareholder with an equal opportunity to participate in such a bid. The Rights Plan encourages a potential acquiror to proceed either by way of a Permitted Bid (as defined in the Rights Plan), which requires the take-over bid to satisfy certain minimum standards designed to promote fairness, or with the concurrence of the Board.

Summary of Rights Plan

The following is a summary of the principal terms of the Rights Plan which is qualified in its entirety by reference to the text of the Rights Plan. An EnCana shareholder or any other interested party may obtain a copy of the agreement governing the Rights Plan by contacting the Corporate Secretary of EnCana at (403) 645-2000 or by fax at (403) 645-4617 or by accessing it on the Corporation’s website www.encana.com.

Term

The term of the Rights Plan expires 10 years from July 30, 2001, subject to the shareholders reconfirming such plan by a majority vote at every third annual meeting of EnCana after its annual meeting in 2001. On this basis, the Rights Plan is being presented at the Meeting and will be considered again at the EnCana annual meeting in 2010 for reconfirmation. If any such approval is not obtained, the Rights Plan will then cease to have effect.

Issue of Rights

On the effective date of the Rights Plan, one right (“Right”) was issued and attached to each Common Share and will attach to each Common Share subsequently issued.

Rights Exercise Privilege

The Rights will separate from the Common Shares and will be exercisable 10 trading days (the “Separation Time”) after a person has acquired, or commenced a take-over bid to acquire, 20 percent or more of the Common Shares, other than by an acquisition pursuant to a take-over bid permitted by the Rights Plan (a “Permitted Bid”). The acquisition by any person (an “Acquiring Person”) of 20 percent or more of the Common Shares, other than by way of a Permitted Bid, is referred to as a “Flip-in Event”. Any Rights held by an Acquiring Person will become void upon the occurrence of a Flip-in Event. Ten trading days after the occurrence of the Flip-in Event, each Right (other than those held by an Acquiring Person), will permit the purchase by holders of Rights (other than an Acquiring Person) of Common Shares at a 50 percent discount to their market price.

The issue of the Rights is not initially dilutive. Upon a Flip-in Event occurring and the Rights separating from the Common Shares, reported earnings per share of EnCana on a diluted or non-diluted basis may be affected. Holders of Rights not exercising their Rights upon the occurrence of a Flip-in Event may suffer substantial dilution.

Lock-Up Agreements

A bidder may enter into lock-up agreements with shareholders whereby such shareholders agree to tender their Common Shares to the take-over bid (the “Subject Bid”) without a Flip-in Event occurring. Any such agreement must permit the shareholder to withdraw the Common Shares to tender to another take-over bid or to support another transaction that exceeds the value of the Subject Bid by as much or more than a specified amount, which specified amount may not be greater than 7 percent. The definition of “Lock-Up Agreement” provides that no “break up” fees or other penalties that exceed, in the aggregate, the greater of 2½ percent of the price or value of the consideration payable under the Subject Bid and 50 percent of the increase in the consideration resulting from another take-over bid transaction shall be payable by the shareholder if the shareholder fails to tender its Common Shares to the Subject Bid.

Certificates and Transferability

Prior to the Separation Time, the Rights are evidenced by a legend imprinted on certificates for the Common Shares and are not to be transferable separately from the Common Shares. From and after the Separation Time, the Rights will be evidenced by Rights certificates, which will be transferable and traded separately from the Common Shares.

Permitted Bid Requirements

The requirements for a Permitted Bid include the following:

- the take-over bid must be made by way of a take-over bid circular;
- the take-over bid must be made to all holders of Common Shares;
- the take-over bid must be outstanding for a minimum period of 60 days and Common Shares tendered pursuant to the take-over bid may not be taken up prior to the expiry of the 60-day period and only if at such time more than 50 percent of the Common Shares held by Independent Shareholders have been tendered to the take-over bid and not withdrawn; and
- if more than 50 percent of the Common Shares held by Independent Shareholders are tendered to the take-over bid within the 60-day period, the bidder must make a public announcement of that fact and the take-over bid must remain open for deposits of Common Shares for not less than 10 business days from the date of such public announcement.

The Rights Plan allows for a competing Permitted Bid (a “Competing Permitted Bid”) to be made while a Permitted Bid is in existence. A Competing Permitted Bid must satisfy all the requirements of a Permitted Bid except that it may expire on the same date as the Permitted Bid, subject to the requirement that it be outstanding for a minimum period of 35 days.

Waiver

The Board, acting in good faith, may, prior to the occurrence of a Flip-in Event, waive the application of the Rights Plan to a particular Flip-in Event (an “Exempt Acquisition”) where the take-over bid is made by a take-over bid circular to all holders of Common Shares. Where the Board exercises the waiver power for one take-over bid, the waiver will also apply to any other take-over bid for the Corporation made by a take-over bid circular to all holders of Common Shares prior to the expiry of any other bid for which the Rights Plan has been waived.

Redemption

The Board, with the approval of a majority of votes cast by the Independent Shareholders (or the holders of Rights if the Separation Time has occurred) voting in person or by proxy at a meeting duly called for that purpose, may redeem the Rights at \$0.000001 per Common Share. Rights will be deemed to have been redeemed by the Board following completion of a Permitted Bid, Competing Permitted Bid or Exempt Acquisition.

Amendment

The Board may amend the Rights Plan with the approval of a majority of the votes cast by Independent Shareholders (or the holders of Rights if the Separation Time has occurred) voting in person or by proxy at a meeting duly called for that purpose. The Board, without such approval, may correct clerical or typographical errors and, subject to approval as noted above at the next meeting of the holders of Common Shares (or the holders of Rights, as the case may be), may make amendments to the Rights Plan to maintain its validity due to changes in applicable legislation.

Board

The Rights Plan will not detract from or lessen the duty of the Board to act honestly and in good faith with a view to the best interests of EnCana. The Board, when a Permitted Bid is made, will continue to have the duty and power to take such actions and make such recommendations to shareholders as are considered appropriate.

Exemption for Investment Managers

Investment managers (for client accounts), trust companies (acting in their capacities as trustees and administrators), statutory bodies whose business includes the management of funds and administrators of registered pension plans acquiring greater than 20 percent of the Common Shares are exempted from triggering a Flip-in Event, provided that they are not making, or are not part of a group making, a take-over bid.

Approval

A review of the Rights Plan was conducted to ensure that the Rights Plan conformed to versions of shareholder rights plans prevalent for public reporting issuers in Canada and met the requirements of the TSX and professional commentators on shareholder rights plans. The Board has determined that no amendments are necessary at this time and that the reconfirmation of the Rights Plan is in the best interests of the Corporation and its shareholders. **The Board of Directors unanimously recommends that shareholders vote in favour of the Rights Plan Resolution.** The persons designated in the enclosed form of proxy, unless instructed otherwise, intend to vote **FOR** the Rights Plan Resolution. The text of the Rights Plan Resolution, subject to such amendments, variations or additions as may be approved at the Meeting, is set forth below:

“RESOLVED AS AN ORDINARY RESOLUTION OF THE HOLDERS OF COMMON SHARES that:

1. The Amended and Restated Shareholder Rights Plan Agreement (the “Rights Plan”) dated as of April 28, 2004 between EnCana Corporation and CIBC Mellon Trust Company, be and it is hereby reconfirmed and approved.
2. Any director or officer of the Corporation is authorized and directed for and on behalf of the Corporation (whether under its corporate seal or otherwise) to enter into, to execute and deliver all such instruments, agreements, corollary agreements and documents, including all notices, consents, applications, acknowledgements, certificates and other instruments (herein the “Instruments”) and do, or cause to be done, all such other acts and things (herein “Acts”) as may be necessary for the purpose of giving effect to the foregoing resolution or to comply with any Instrument or Act, and such Instruments and Acts authorized and approved by this resolution shall constitute valid and binding obligations of the Corporation, and the performance by the Corporation under such Instruments and pursuant to such Acts is hereby authorized.”

AMENDMENTS TO EMPLOYEE STOCK OPTION PLAN

At the Meeting, shareholders will be asked to consider and, if deemed appropriate, to pass ordinary resolutions approving amendments to the Corporation’s Employee Stock Option Plan (the “ESOP”), in response to the TSX Staff Notice #2006-0001 (the “TSX Staff Notice”), to:

1. more clearly establish the nature and scope of amendments that may be made to the ESOP and options granted thereunder with or without shareholder approval (Section 11); and
2. allow for an extension to the term of options if they expire during, or shortly after, a period (the “Blackout Period”) when option exercising is prohibited by the Corporation (Section 13).

The reasons for the proposed amendments are as follows:

Section 11 — Amendment (Specific Amendment Provision) The TSX introduced several changes to the TSX Company Manual (the “TSX Manual”) effective January 1, 2005, including a provision in Section 613(d) of the TSX Manual to the effect that shareholder approval is required for any amendment to a security-based compensation arrangement unless the arrangement includes an amendment provision. The TSX Staff Notice clarified that, effective June 2007, an amendment provision must provide specific details (as opposed to a general amendment power) as to whether shareholder approval is required for an amendment and that the provision must be disclosed to shareholders when the security-based compensation arrangement is being approved. To address this change in the TSX Manual and the TSX Staff Notice, the Corporation is proposing to amend Section 11 of the ESOP to provide a more specific amendment provision, as set forth below in the text of the ordinary resolutions.

Section 13 — Blackout Period The Corporation is seeking to ensure that options do not expire when an optionholder is prohibited from exercising an option because of a Blackout Period. These periods may arise in the normal course prior to the end of one of the Corporation’s fiscal periods or be imposed by the Corporation in circumstances deemed appropriate, such as impending entry into a material transaction. The TSX recognizes in the TSX Staff Notice that self-imposed blackout periods

are an example of good corporate governance and that listed issuers and their insiders and employees should not be penalized for adopting positive corporate policies. The Corporation is of the view that optionholders should have a reasonable period of time following a Blackout Period to exercise options and is proposing that such period be ten business days (the “Blackout Extension Period”). The Blackout Extension Period would not apply in circumstances where the Corporation or its insiders are subject to a cease trade order.

To be approved, the ordinary resolutions to amend the ESOP must be passed by more than 50 percent of the votes cast by shareholders, present in person or represented by proxy, at the Meeting other than certain insiders of the Corporation who are entitled to receive a benefit under the ESOP. **The Board of Directors unanimously recommends that shareholders vote in favour of the ordinary resolutions.** The persons designated in the enclosed form of proxy, unless instructed otherwise, intend to vote **FOR** the ordinary resolutions. The text of the ordinary resolutions, subject to such amendments, variations or additions as may be approved at the Meeting, are set forth below:

“RESOLVED AS AN ORDINARY RESOLUTION OF THE HOLDERS OF COMMON SHARES that:

1. The Corporation’s Employee Stock Option Plan be amended by deleting Section 11. Amendment and Termination in its entirety and replacing it with the following:

11. Amendment or Termination of Plan

The Board of Directors of the Company may, at any time and from time to time, amend, suspend, discontinue or terminate the Plan in whole or in part; provided, however, no such amendment, suspension, discontinuance or termination may, without the consent of the optionee, adversely alter or impair the rights under any Option previously granted to an optionee under the Plan. Any amendment to be made to the Plan or an Option under the Plan is subject to the prior approval of the TSX and the shareholders of the Company where required by the rules of the TSX. Without limiting the generality of the foregoing, the Board shall have the power and authority to approve amendments relating to the Plan or a specific Option without further approval of the shareholders of the Company, to the extent that such amendments relate to:

- (a) extending or accelerating the terms of vesting applicable to any Option or group of Options;
- (b) altering the terms and conditions of vesting applicable to any Option or group of Options;
- (c) changing the termination provisions of the Plan or any Option, provided that the change does not provide for an extension beyond the original expiry date of such Option, as provided for in Section 6 hereof;
- (d) accelerating the expiry date in respect of an Option;
- (e) determining the adjustment provisions pursuant to Section 9 hereof;
- (f) amending the definitions contained within the Plan and other amendments of a “housekeeping” nature; and
- (g) amending or modifying the mechanics of exercise of an Option or SAR.

Approval by the shareholders of the Company will be required for amendments that relate to:

- (i) any increase in the number of shares reserved for issuance under the Plan, including an increase to a fixed maximum number of Common Shares, or a change from a fixed maximum number of Common Shares to a fixed maximum percentage;
- (ii) any reduction in Subscription Price or cancellation and reissue of Options;
- (iii) any extension of the term of an Option beyond the original expiry date, except as permitted under Section 13 hereof;
- (iv) any amendment to Section 13 that increases the length of the Blackout Extension Period;
- (v) the inclusion of non-employee directors, on a discretionary basis, as eligible participants under the Plan;
- (vi) any allowance for the transferability or assignability of Options other than for estate settlement purposes as outlined in Section 8; and
- (vii) amendments required to be approved by shareholders under applicable law (including, without limitation, the rules, regulations and policies of the TSX).

In the event of any conflict between subsections (a) to (g) and (i) to (vii) above, the latter shall prevail to the extent of any conflict.

No amendment, suspension, discontinuance or termination of the Plan may contravene the requirements of the TSX or any securities commission or regulatory body to which the Plan or the Company is now or may hereafter be subject.

2. Any director or officer of the Corporation is authorized and directed for and on behalf of the Corporation (whether under its corporate seal or otherwise) to enter into, to execute and deliver all such instruments, agreements, corollary agreements and documents, including all notices, consents, applications, acknowledgements, certificates and other instruments (herein the “Instruments”) and do, or cause to be done, all such other acts and things (herein “Acts”) as may be necessary for the purpose of giving effect to the foregoing resolution or to comply with any Instrument or Act, and such Instruments and Acts authorized and approved by this resolution shall constitute valid and binding obligations of the Corporation, and the performance by the Corporation under such Instruments and pursuant to such Acts is hereby authorized.”

“RESOLVED AS AN ORDINARY RESOLUTION OF THE HOLDERS OF COMMON SHARES that:

1. The Corporation’s Employee Stock Option Plan be amended by adding thereto the following Section 13. Blackout Period:

13. Blackout Period

Notwithstanding Section 6, if the Option Period of an Option expires during, or within ten (10) business days following, a blackout period imposed by the Company under the Company’s Policy on Disclosure, Confidentiality and Employee Trading (the “Blackout Period”), then the Option Period of such Option shall be extended to the date which is ten (10) business days after the last day of the Blackout Period (the “Blackout Extension Period”), after which time such Option shall expire and terminate.

2. Any director or officer of the Corporation is authorized and directed for and on behalf of the Corporation (whether under its corporate seal or otherwise) to enter into, to execute and deliver all such instruments, agreements, corollary agreements and documents, including all notices, consents, applications, acknowledgements, certificates and other instruments (herein the “Instruments”) and do, or cause to be done, all such other acts and things (herein “Acts”) as may be necessary for the purpose of giving effect to the foregoing resolution or to comply with any Instrument or Act, and such Instruments and Acts authorized and approved by this resolution shall constitute valid and binding obligations of the Corporation, and the performance by the Corporation under such Instruments and pursuant to such Acts is hereby authorized.”

STATEMENT OF EXECUTIVE COMPENSATION

COMPOSITION OF THE HUMAN RESOURCES AND COMPENSATION COMMITTEE

The following individuals served as members of the Human Resources and Compensation Committee (the “HRC Committee”) during the year ending December 31, 2006: Mr. R.S. Cunningham, Mr. I.W. Delaney, Mr. M.A. Grandin and Mr. J.M. Stanford, O.C. Mr. D.P. O’Brien, Chairman of the Board of the Corporation, also serves as an *ex officio* non-voting member of the HRC Committee. Mr. M.A. Grandin was President of PanCanadian Energy Corporation from October 2001 to April 2002. Mr. D.P. O’Brien was interim Chief Executive Officer of PanCanadian Energy Corporation from October 2001 to April 2002. There were no interlocking relationships with any HRC Committee member, as described in item 8.1(d) of Form 51-102F6 of the Canadian Securities Administrators National Instrument 51-102.

HUMAN RESOURCES AND COMPENSATION COMMITTEE REPORT

EnCana’s compensation program (the “Program”) is governed by the HRC Committee of the Board. The HRC Committee, amongst its other responsibilities, makes recommendations to the Board on the compensation of the President & Chief Executive Officer and approves and reports to the Board on the compensation of other senior executive officers of EnCana. The HRC Committee has been delegated the authority to authorize stock option grants, pursuant to an option plan approved by the Board and EnCana shareholders. The HRC Committee reviews annually and monitors the design and effectiveness of the compensation programs for the entire Corporation.

The Program is designed to attract, motivate, reward and retain the personnel required to achieve EnCana’s operational and strategic objectives. The same compensation framework applies to all regular EnCana employees, including senior executive officers and the President & Chief Executive Officer.

The Program has the following components:

- Base salary;
- Results awards; and
- Long-term incentives.

EnCana participates in annual compensation surveys, conducted by consultants, of salary, benefits and other incentive programs of major oil and gas companies in Canada and the United States. In addition, the HRC Committee receives reports from EnCana's outside advisors on the compensation of senior executives relative to a North American oil and gas industry peer group and large Canadian corporations, and on the effectiveness of the Corporation's compensation programs. The surveys and the consultants' reports are employed by the HRC Committee in its deliberations. In 2006, the HRC Committee approved changes to the Corporation's short and long-term incentive plans to enhance the link between results achieved and rewards received. EnCana's Program for senior executive officers is results oriented and greater than one-half is based on performance related incentive compensation.

Compensation for the President & Chief Executive Officer and the President, USA Division, is established relative to the North American oil and gas industry, with secondary consideration to the compensation paid by large Canadian companies. Compensation for other Division Presidents is established relative to the Canadian oil and gas industry and large Canadian corporations, while compensation for the other senior executive officers is established relative to large Canadian corporations, based on EnCana's size and scope. Actual compensation paid is based on results achieved, taking into account performance, experience and overall leadership.

Base Salary

Based on the most recently available market data, salaries in 2006 of senior executive officers, excluding the President & Chief Executive Officer, are estimated to be greater than the 75th percentile of a Canadian oil and gas industry peer group, approximately the 53rd percentile of a North American oil and gas industry peer group and approximately the 79th percentile of large Canadian corporations.

Results Awards

High Performance Results Awards are granted based on:

- performance relative to objectives previously approved by the Board, including operating and strategic measures; and
- additional value added beyond annual objectives.

Key corporate measures used to determine EnCana's success include: production volumes, operating cash flow, reserve additions, reserve replacement costs, production replacement ratio, net earnings per share, operating expenses, administrative costs, netbacks, recycle ratio, return on capital employed, debt to capitalization ratio, execution of the approved strategic plan and the maintenance of EnCana's integrity and reputation.

All employees, including senior executive officers, are eligible for a High Performance Results Award based on meeting and exceeding objectives and accountabilities set out annually in their individual High Performance Contract.

The results awards are determined for senior executive officers by the HRC Committee taking into account individual performance compared to objectives and additional value added, corporate performance on an absolute basis and compared to peer companies on a relative basis.

Commencing in 2006, 50 percent of the results award is based on individual performance while 50 percent of the award is based on operating results and on corporate performance.

Mr. B.C. Ferguson was granted a High Performance Results Award for 2006 of \$611,469 for his leadership in the sale of EnCana's Ecuador and natural gas storage businesses and for his role in the establishment of the integrated North American heavy oil business.

Mr. J.E. Wojahn was granted a High Performance Results Award for 2006 of \$524,125 for his leadership in the Corporation's successful focus on capital optimization and growth in the USA Division.

Mr. M.M. Graham was granted a High Performance Results Award for 2006 of \$577,016 for his leadership which resulted in significant advances in reserve potential in the deep basin of Canada.

Mr. J.D. Watson was granted a High Performance Results Award for 2006 of \$107,813 for his financial leadership in the first quarter of 2006.

Long-Term Incentives

The Corporation grants long-term incentives to align individual employee and shareholder interests and to provide a long-term performance related incentive for eligible employees. Long-term incentive grants are granted to ensure highly competitive total direct compensation.

Based on the most recently available market data (bonuses paid in 2006 for 2005 performance), actual 2006 total direct compensation (salaries, results awards and long-term incentives) for the senior executive group, excluding the President &

Chief Executive Officer, is estimated to be at approximately the 75th percentile of the Canadian oil and gas industry, approximately the 46th percentile of the North American oil and gas industry peer group and approximately the 66th percentile of large Canadian corporations.

The HRC Committee, in 2003, approved a long-term incentive strategy that includes a combination of stock option grants and grants of performance share units.

In 2007, performance stock options will be utilized in place of performance share units. One-third of each officer's long-term incentive grant will be in the form of stock options and two-thirds of the grant will be in the form of performance stock options. The performance stock options will vest depending upon the Corporation's performance. The performance measure which will be used to determine the degree to which the performance stock options vest is based on the Corporation's recycle ratio, which is a measure of value added through the Corporation's upstream operations. No performance options will vest unless a recycle ratio of greater than one is achieved. A maximum number of performance stock options will vest for a recycle ratio of three or better. This measure along with others will be reviewed annually by the HRC Committee.

Stock Options

EnCana maintains an Employee Stock Option Plan (the "ESOP"). The ESOP provides for the granting of options to purchase EnCana Common Shares to senior officers and to most other employees of EnCana and its subsidiaries. Subject to regulatory requirements, the terms, conditions and limitations of options granted under the ESOP are determined by the HRC Committee.

Stock option grants are dependent upon competitive conditions, as outlined above, and individual performance. Options granted under the ESOP have an option price which is not less than the market price at the time the option was granted, have a term of five years and vest 30 percent on the first anniversary, an additional 30 percent on the second anniversary and an additional 40 percent on the third anniversary of the grant. Additional vesting requirements based on pre-determined performance criteria may also apply to certain options.

Commencing in 2004, all stock options granted under the ESOP have an associated tandem stock appreciation right.

For additional information relating to the ESOP, see "Equity Compensation Plan Information".

Performance Share Unit Plan

EnCana adopted a Performance Share Unit Plan (the "PSU Plan") in 2003 under which employees of EnCana and its subsidiaries may be granted Performance Share Units ("PSUs").

The value of each PSU is based on the value of an EnCana Common Share. When a dividend is paid on EnCana Common Shares, each participant's PSU account is allocated additional PSUs equal to the dividends paid on an equivalent number of EnCana Common Shares divided by the market price of EnCana Common Shares. The HRC Committee determines at the time of the grant whether the PSUs will be paid to each participant in cash or in EnCana Common Shares, purchased on the open market.

The PSU Plan is highly performance oriented. Performance is measured over a period of three years, based upon the Corporation's total shareholder return relative to a North American peer comparison group. If, at the end of the three calendar year period commencing with the calendar year in which the grant occurs, EnCana's relative total shareholder return is in the bottom quartile of the comparison group, the units awarded will be forfeited. If EnCana's relative total shareholder return is above the bottom quartile of the comparison group, the value of PSUs shall be determined by EnCana's relative ranking, with payments ranging from one-half to a maximum of two times the value of an equivalent number of EnCana Common Shares, the latter occurring if EnCana achieves total shareholder returns at the top of the North American peer comparison group. Payments are determined by the number of PSUs granted including additional units for dividends paid and the value of an equivalent number of EnCana Common Shares.

Compensation of the President & Chief Executive Officer

Mr. R.K. Eresman's compensation has the same performance related components as those previously described for EnCana employees, including senior executive officers: base salary, High Performance Results Awards, long-term incentives, stock options and PSUs.

Mr. R.K. Eresman has a High Performance Results Award eligibility of 0 - 100 percent of annual salary and he is also eligible for additional awards for significant value added to EnCana beyond annually established objectives.

Mr. R.K. Eresman was granted a High Performance Results Award of \$1,600,000 for 2006.

In determining this High Performance Results Award, the HRC Committee considered the President & Chief Executive Officer's responsibility for the overall direction and leadership of the business and affairs of the Corporation in order to:

- Develop and execute a corporate strategy designed to achieve sustained, profitable growth with an objective of maximizing shareholder value which takes into account the opportunities and risks of the business;
- Achieve performance targets and objectives set out in an approved budget and aligned with the strategic plan;
- Foster best practices in corporate governance;
- Identify all significant risks to the Corporation's assets and ensure that procedures are established to mitigate the impact of the risks in the best interest of shareholders;
- Maintain high standards for environment, health and safety performance;
- Manage the Corporation's affairs with a view to balancing short-term growth with positioning for medium and long-term growth;
- Steward the Corporation's operating and capital expenditures;
- Foster a corporate culture that promotes ethical practices and encourages individual integrity and social responsibility, building a strong reputation as a principled corporation;
- Foster cooperation with the Corporation's stakeholders including regulators, land owners and the general public;
- Provide for corporate management succession and development including monitoring corporate management performance against high performance contracts; and
- Ensure that EnCana is an "employer of choice" enabling the hiring and retention of the best people;

which led to the 2006 highlights categorized below. Each category was given equal weighting in the determination of Mr. R.K. Eresman's High Performance Results Award:

Strategic Leadership

- Established an integrated North American heavy oil business that solidifies EnCana as an oilsands player with a high quality asset base and brings greater certainty to the development economics as production is expanded.
- Completed the transformation of EnCana into a leading North American unconventional natural gas and oilsands producer with the closing of the sale of Ecuador assets, sale of the natural gas storage business and sale of offshore interests in Chad and Brazil.
- Advanced resource play development in Alberta, North East British Columbia and the United States by:
 - Achieving significant growth in production and reserves in EnCana's Coalbed Methane and Cutbank Ridge resource plays; and
 - Fostering the development of streamlined production commingling practices that improve resource recovery as well as cost and efficiency improvements for EnCana and the industry.
- Maintained EnCana's financial flexibility and focus on returns in response to escalating costs and volatile commodity prices by:
 - Actively reducing the capital expenditures budget early in the year and ensuring capital discipline;
 - Balancing the capital investment program with share repurchases;
 - Using third party capital through focused farmouts and joint ventures; and
 - Ensuring prudent risk mitigation activities to protect EnCana's cash flow against short-term commodity price volatility.

*Financial Performance**

- Cash flow per share (diluted) increased 3 percent to US\$8.56;
- Total operating earnings per share (diluted) up 7 percent to US\$3.91;
- Net earnings per share (diluted) up 76 percent to US\$6.76;
- Generated US\$892 million in free cash flow; and

- Net divestitures of US\$3.0 billion resulting in net capital investment of US\$3.3 billion.

*Operating Performance**

- Key resource play production up 12 percent;
- Natural gas production of 3.37 billion cubic feet per day, up 4 percent;
- Oil and natural gas liquids production of about 167,100 barrels per day (“bbls/d”) down 26 percent, primarily due to the sale of Ecuador oil assets, which produced an average of 12,366 bbls/d in 2006;
- Operating costs of US\$0.86 per thousand cubic feet equivalent (“Mcf”) for continuing operations, up 21 percent due to inflation, a stronger Canadian dollar and higher electricity costs; and
- Upstream capital investment in continuing operations of US\$6.2 billion.

*Reserves**

- Added 3.1 trillion cubic feet equivalent (“Tcfe”) of proved reserves with drill bit additions and revisions in continuing operations;
- Added 2.3 Tcfe of proved reserves in total operations, taking into account the sale of about 822 billion cubic feet equivalent (“Bcfe”) of proved reserves largely as a result of the Ecuador divestiture;
- Proved reserves additions included 160 million barrels (960 Bcfe) at the Foster Creek and Christina Lake oilsands key resource plays;
- Proved reserves in continuing operations increased 9 percent and 4 percent in total operations to 19.2 Tcfe;
- Finding and development costs averaged US\$1.99 per Mcfe, for total operations;
- Production replacement of 197 percent for continuing operations; 144 percent for total operations, which includes sale of Ecuador reserves; and
- Average three-year reserve replacement cost of US\$1.56 Mcfe for continuing operations; US\$1.34 per Mcfe for total operations.

Based on the most recent available market data, Mr. R.K. Eresman’s salary for 2006 is estimated to be at the 43rd percentile of the North American oil and gas industry peer group. Also, based on the most recent available market data (bonuses paid in 2006 for 2005 performance), Mr. R.K. Eresman’s actual 2006 total direct compensation (salary, results award and long-term incentives) is estimated to be at approximately the 11th percentile of the North American oil and gas industry peer group.

*For disclosure with respect to the references to cash flow, total operating earnings, free cash flow, the method of calculation of Mcfes, production replacement, finding and development costs and reserve replacement cost, see Appendix “B”.

Share Ownership Guidelines

Effective October 23, 2003, EnCana adopted share ownership guidelines for senior executive officers which are:

- President & Chief Executive Officer 4 times base salary
- Executive Vice-Presidents 2 times base salary

In calculating ownership in EnCana, the value of Common Shares owned and deferred share units awarded are included while stock options and PSUs granted, but unpaid, are excluded. The guidelines are to be satisfied within a period of the later of five years from their adoption or the officer’s appointment. As at December 31, 2006, the President & Chief Executive Officer and five of the eight senior executive officers met or exceeded the share ownership guidelines.

Submitted on behalf of the Human Resources and Compensation Committee:

M.A. Grandin, Chair
R.S. Cunningham

I.W. Delaney
J.M. Stanford, O.C.

SUMMARY COMPENSATION TABLE

The following table summarizes the compensation paid by EnCana to the Chief Executive Officer, each Chief Financial Officer and the three other most highly compensated executive officers of the Corporation (the “Named Executive Officers”) who served as executive officers in 2006.

Name and Principal Positions	Year	Annual Compensation			Long-Term Compensation Awards			All Other Compensation ⁽⁵⁾
		Salary \$	Bonus ⁽¹⁾ \$	Other Annual Compensation ⁽²⁾ \$	Securities under Options/SARs Granted ⁽³⁾ #	Shares or Units Subject to Resale Restrictions ⁽⁴⁾		
						#	\$	
Randall K. Eresman	2006	1,250,000	1,600,000	45,428	160,000	–	–	77,370
President & Chief Executive Officer	2005	980,000	1,387,500	65,292	100,000	34,000	1,302,880	71,460
	2004	902,500	1,384,000	56,174	–	70,000	1,888,950	54,450

	2004	423,750	552,513	n/a	–	30,000	809,550	21,188
Jeff E. Wojahn	2006	570,833	524,125	41,985	80,000	–	–	27,625
Executive Vice-President	2005	431,250	662,729	52,024	46,000	16,000	613,120	28,035
(President, USA Division)	2004	368,750	564,141	35,980	–	30,000	809,550	24,210
Michael M. Graham	2006	506,250	577,016	45,654	80,000	–	–	32,715
Executive Vice-President	2005	431,250	502,604	50,800	46,000	16,000	613,120	21,563
(President, Canadian Foothills Division)	2004	368,750	528,047	n/a	–	30,000	809,550	18,438
John D. Watson ⁽⁷⁾	2006	575,000	107,813	42,270	–	–	–	36,870
Former Executive Vice-President & Chief Financial Officer	2005	563,750	563,486	41,910	60,000	20,000	766,400	36,438
	2004	522,500	503,306	39,180	–	30,000	809,550	33,804

- (1) “Bonus” includes the portion of High Performance Results Awards paid in cash in 2006 and paid in cash and EnCana Common Shares, purchased in the open market, in 2005 and 2004.
- (2) “Other Annual Compensation” represents each Named Executive Officer’s annual allowance, the annual fee for financial planning and tax preparation, membership fees associated with the personal use of clubs and the taxable benefit associated with company provided parking and corporate aircraft. The amounts include for Eresman an annual allowance of \$37,800 in 2006 and \$39,600 in 2005 and 2004. The amounts include for Morgan an annual allowance of \$39,600 in each year. The amounts include for Ferguson an annual allowance of \$36,000 in 2006, \$36,900 in 2005 and \$39,600 in 2004. The amounts include for Wojahn an annual allowance of \$36,810 in 2006, \$39,600 in 2005 and \$24,000 in 2004. The amounts include for Graham an annual allowance of \$39,600 in 2006, \$35,700 in 2005 and \$24,000 in 2004. The amounts include for Watson an annual allowance of \$36,000 in each year.
- (3) “Securities under Options/SARs Granted” refers to stock options granted to the Named Executive Officers.
- (4) “Shares or Units Subject to Resale Restrictions” refers to the number of performance share units (“PSUs”) granted on February 17, 2004 and February 15, 2005 under the Performance Share Unit Plan (the “PSU Plan”) and their respective value as at the date of grant. The PSUs granted under the PSU Plan may be payable or be forfeited on the third anniversary of the date of grant dependent on EnCana’s relative total shareholder return. Additional PSUs granted under the PSU Plan are allocated to reflect notional dividend equivalents under the PSU Plan. As at December 31, 2006, the aggregate value of PSUs (including dividend equivalents automatically credited under the PSU Plan), based on a Common Share price of \$53.66, was: Eresman — \$5,692,395, Morgan — \$8,209,749, Ferguson — \$2,571,757, Wojahn — \$2,517,338, Graham — \$2,517,338 and Watson — \$2,735,013.
- (5) “All Other Compensation” represents the Corporation’s matching contribution of 5 percent of salary to the EnCana Investment Plan for employees in the form of Common Shares plus premiums for personal life insurance and flex credits under the Corporation’s flexible benefits plan.
- (6) Mr. Morgan resigned as President & Chief Executive Officer of the Corporation on December 31, 2005, continued as an advisor until December 31, 2006 and also resigned as Vice-Chairman of the Corporation effective October 25, 2006.
- (7) Mr. Watson resigned as Executive Vice-President & Chief Financial Officer of the Corporation on February 28, 2006 and continued as an advisor until December 31, 2006.

OPTION/SAR GRANTS DURING THE MOST RECENTLY COMPLETED FINANCIAL YEAR

Name and Principal Positions	Common Shares Under Options/SARs Granted (#)	% of Total Options/SARs Granted to Employees in Financial Year	Market Value of Common Shares on the Date of Grant		Expiration Date
			Exercise Price (\$/Common Share)	(\$/Common Share)	
Randall K. Eresman ⁽¹⁾⁽²⁾ President & Chief Executive Officer	160,000	1.43	48.25	48.25	February 13/11

2,250,000	675,000	900,000	1,125,000	1,350,000	1,575,000	1,800,000
2,500,000	750,000	1,000,000	1,250,000	1,500,000	1,750,000	2,000,000
2,750,000	825,000	1,100,000	1,375,000	1,650,000	1,925,000	2,200,000
3,000,000	900,000	1,200,000	1,500,000	1,800,000	2,100,000	2,400,000
3,250,000	975,000	1,300,000	1,625,000	1,950,000	2,275,000	2,600,000

The foregoing amounts only apply for retirement at age 60 and are reduced in the event of retirement before that date. The pension plan provides for 2 percent of five-year final average pensionable earnings for each year of credited service. Pensions are payable for life, but continue for a minimum of 10 years after retirement for single participants. For married participants, a 60 percent surviving spouse pension is payable. Total pension payments to the participant and spouse continue for a minimum of five years after retirement. For the President & Chief Executive Officer, average pensionable earnings is salary plus bonus (to a maximum of 67 percent of salary). For the other Named Executive Officers, average pensionable earnings is salary plus bonus (to a maximum of 40 percent of salary).

SUPPLEMENTAL PENSION DISCLOSURE

The following table summarizes the projected pension benefits at normal retirement, the accrued pension obligation as at December 31, 2005 and December 31, 2006 and the change in pension obligation in 2006 for each Named Executive Officer calculated in accordance with Canadian generally accepted accounting principles.

Name	Annual Pension Benefit Payable at Age 65 ⁽¹⁾ \$	Accrued Obligation at December 31, 2005 ⁽²⁾ \$	Change in Obligation		Accrued Obligation at December 31, 2006 ⁽²⁾ \$	Whole Years of Pensionable Service at December 31, 2006 #
			Service & Compensation ⁽³⁾ \$	Other Items ⁽⁴⁾ \$		
Randall K. Eresman	1,868,554	10,264,345	5,362,299	605,783	16,232,427	28
Gwyn Morgan ⁽⁵⁾	1,770,829	25,624,908	280,690	632,904	26,538,502	40
Brian C. Ferguson	570,220	3,993,294	533,011	210,096	4,736,401	24
Jeff E. Wojahn ⁽⁶⁾	368,725	537,934	277,713	36,923	852,570	4
Michael M. Graham ⁽⁶⁾	314,825	515,906	257,568	29,808	803,282	4
John D. Watson	487,349	7,125,824	207,257	236,276	7,569,357	34

(1) Represents the estimated annual pension that would be received, based on current (2006) compensation levels and the assumption the individual retires at age 65.

(2) The actuarial value of projected pension obligations to the date specified. The actuarial assumptions are the same as those disclosed in the note to the Corporation's 2006 consolidated financial statements. The methods used to determine estimated amounts may not be identical to the methods used by other corporations and as a result the figures may not be directly comparable to similar estimates disclosed by other corporations.

(3) The value of the projected pension benefit accrued for service in 2006 includes employee contributions and any changes in compensation if different than that assumed.

(4) Includes the interest on prior year's pension obligations plus changes in interest rate assumptions as at December 31, 2006.

(5) The former Vice-Chairman's pension accrual is limited to 40 years of pensionable service.

(6) Prior to January 1, 2003, Mr. Graham and Mr. Wojahn were members of the defined contribution pension plan option.

The Corporation's normal retirement age is 65. Pensions are paid on an unreduced basis from age 62 for service prior to January 1, 2003 and from age 60 for service after that date.

Pensions payable to the Named Executive Officers will be paid from the EnCana Corporation Canadian Pension Plan for pension benefits up to the level permitted from a registered pension plan and will be paid from the EnCana Corporation Supplemental Pension Plan for pension benefits beyond the limits permitted from a registered pension plan.

EMPLOYMENT AGREEMENTS

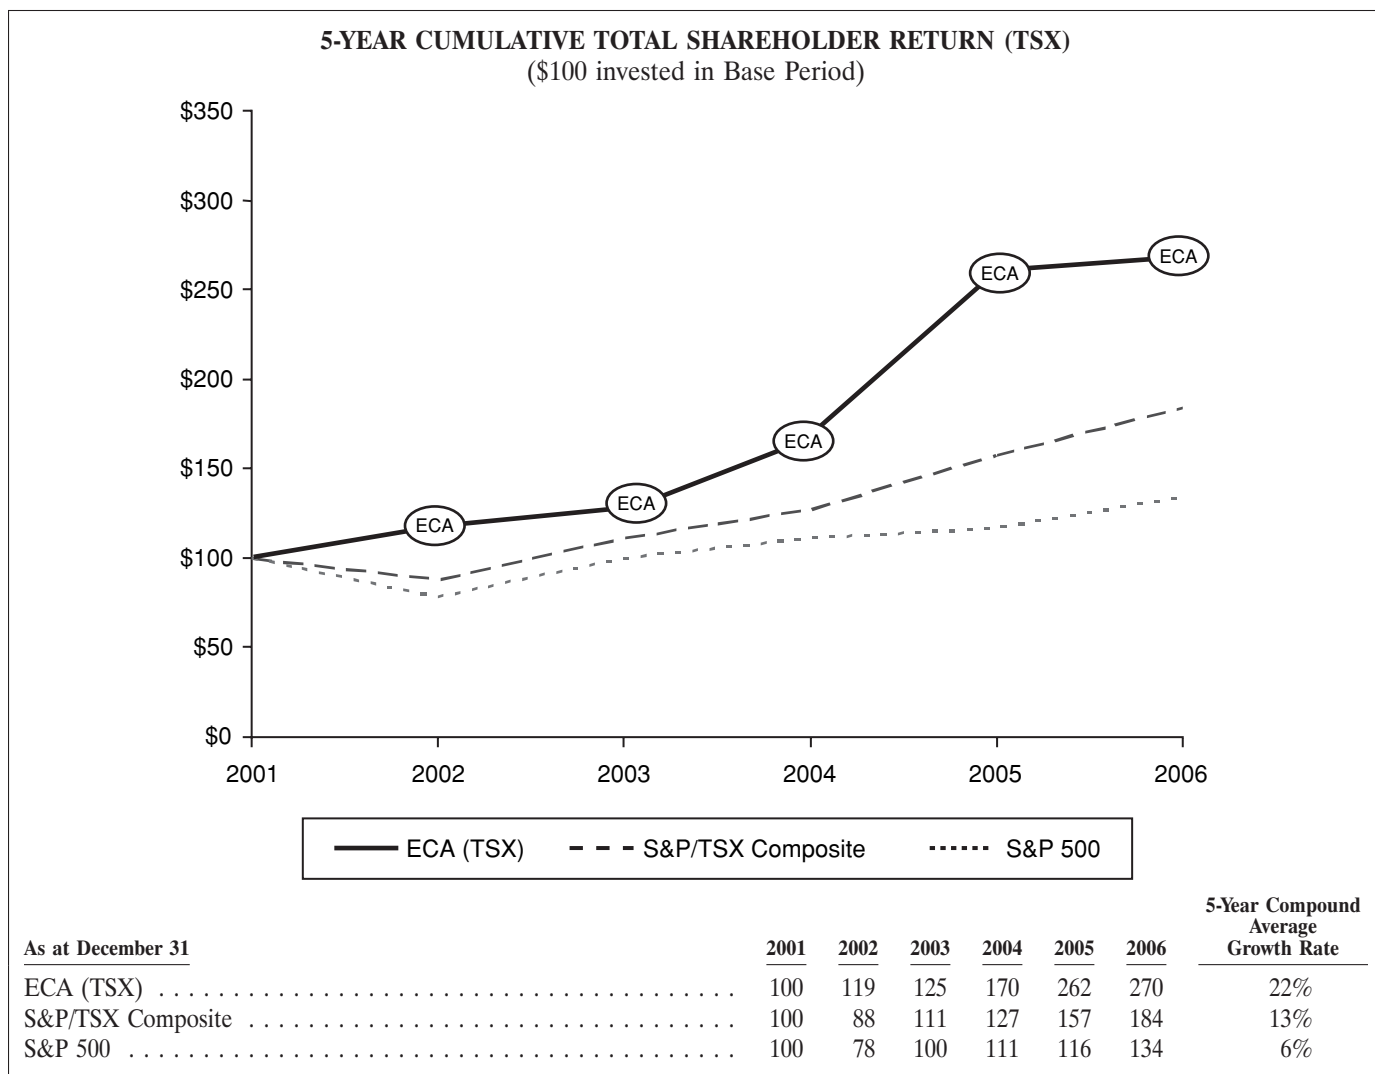

EnCana has agreements with the Named Executive Officers that provide for the payment of certain severance benefits if a change in control of EnCana occurs and, within a three-year period following the change in control, the individual's employment is terminated by EnCana other than for cause, disability, retirement or death, or by the individual for certain specified reasons such as a change in responsibilities, or a reduction in salary and benefits except for across-the-board reductions similarly affecting all other senior executives of the Corporation.

An individual terminated following a change in control, pursuant to these agreements, will receive a lump sum severance payment equal to the base salary and bonus that would have been earned by that individual through the end of the severance period. In the case of the President & Chief Executive Officer, the severance period is 36 months. In the case of the other Named Executive Officers, the period is 24 months. In addition to the lump sum payments, the agreements provide that the Named Executive Officers are entitled to the continuation of insurance plan benefits, the accrual of pensionable service, the continuation of perquisites for the duration of the severance period and immediate vesting of all stock options to purchase EnCana Common Shares granted under the ESOP.

In July 2004, Mr. J.E. Wojahn and Mr. M.M. Graham were each granted a retention arrangement which provides for the payment of \$2,500,000 if the simple average of the closing price of EnCana's Common Shares on the TSX is no less than \$50, over a consecutive 45-day trading period, within a period of six years from the date of the arrangement and provided that Mr. Wojahn and Mr. Graham remain employed with the Corporation for a minimum of four years and are still employed with the Corporation at the time such share price objective is met.

PERFORMANCE CHART

The following chart illustrates changes over the past five-year period in cumulative total shareholder return, assuming an actual investment with all dividends reinvested, in Common Shares of EnCana (formerly named PanCanadian Energy Corporation) or its predecessor, PanCanadian Petroleum Limited, on the S&P/TSX Composite Index and the S&P 500.

COMPENSATION OF DIRECTORS

During 2006, each director was paid an annual retainer of \$30,000, pro-rated for periods of partial service, which was paid in quarterly installments. The President & Chief Executive Officer and the former Vice-Chairman received no compensation for serving as a director of the Corporation. For each meeting of the Board, a fee of \$1,500 was paid to each director who attended in person or by telephone. For each meeting of a Committee of the Board, a fee of \$1,500 was paid to each Committee member who attended in person or by telephone. Committee chairs received a supplemental fee of \$7,500 per annum, paid in quarterly installments. The Chair of the Audit Committee received a further supplemental fee of \$7,500 per annum, paid in quarterly installments. Directors received no compensation to prepare for EnCana Board or Committee meetings. For each meeting of the Board or a Committee thereof, where a director was required to travel to a meeting outside of the geographic region in which the director has his or her usual place of residence, an additional fee equal to the normal meeting fee was paid to the director.

The non-executive Chairman of the Board also received an annual retainer of \$250,000, paid in quarterly installments.

In 2004, the Corporation adopted revised share ownership guidelines for directors requiring each director, by the later of January 1, 2008 and five years following the individual becoming a director of the Corporation, to purchase Common Shares of the Corporation or hold Deferred Share Units (“DSUs”) in an amount at least equal in value, based on the market price of the Common Shares, to three times the annual retainer received by a director or Chairman in such capacity.

EnCana has a Directors' Stock Option Plan (the "DSOP"), a detailed description of which is set out under the heading "Equity Compensation Plan Information – Directors' Stock Option Plan". Effective October 23, 2003, the Corporation discontinued further grants under the DSOP and effective October 25, 2005, the Corporation terminated the DSOP.

EnCana has a Deferred Share Unit Plan for Directors of EnCana Corporation (the "Directors' DSU Plan"). Under the Directors' DSU Plan, non-employee directors receive an annual grant of 5,000 DSUs effective January 1st of each year. Newly appointed or elected directors receive their initial grant upon joining the Board. Directors may elect to take all or a portion of their annual retainer and meeting fees in the form of DSUs. When a dividend is paid on EnCana Common Shares, each participant's DSU account is allocated with additional DSUs equal in value to the dividend paid on an equivalent number of EnCana Common Shares. Following cessation of the participant's directorship and by December 15th of the first calendar year thereafter, the value of the DSUs credited to the participant's account is calculated by multiplying the number of DSUs in the participant's account by the then market value of an EnCana Common Share. The after-tax amount is paid to the participant.

Compensation Provided to Non-Employee Directors in 2006

Name	Board Retainer \$	Committee Chair Fee \$	Board Meeting Fee \$	Committee Meeting Fee \$	Travel Fee \$	Total Fees Paid \$	DSUs Granted ⁽²⁾ #

Dennis A. Sharp	30,000	–	10,500	12,000	–	52,500	5,000
James M. Stanford, O.C.	30,000	7,500	10,500	22,500	–	70,500	5,000

(1) Board retainer includes additional retainer as Chairman.

(2) Excludes that portion of retainer and fees elected to be paid in the form of DSUs and excludes additional DSUs granted in lieu of dividends on the DSUs previously granted.

(3) Mr. W.R. Fatt resigned on February 10, 2006.

EQUITY COMPENSATION PLAN INFORMATION

EMPLOYEE STOCK OPTION PLAN

EnCana's ESOP has been approved by shareholders. The purpose of the ESOP is to foster a proprietary interest in EnCana and provide a long-term performance related incentive for executive officers and most other employees of EnCana and its subsidiaries. As at February 28, 2007, approximately 99 percent of EnCana's employees were participants in the ESOP.

Administration

The ESOP is administered by the HRC Committee of the Board. The HRC Committee has the authority to determine which employees are to be granted options and to grant options to those employees. The HRC Committee also has the authority to interpret the ESOP and any option granted thereunder and the discretion to attach tandem stock appreciation rights ("Tandem SARs") in respect of Common Shares covered by options.

Common Shares Reserved

As at February 28, 2007, there were 37,787,881 options outstanding under the ESOP and 10,135,970 options available for grant, representing approximately 4.90 percent and 1.31 percent, respectively, of the total number of outstanding Common Shares as at such date. Any Common Shares subject to an option that expires or terminates without having been fully exercised may be made the subject of a further option.

Grant of Options, Exercise Price, Vesting and Expiry

Options may be granted from time to time to eligible employees and an option agreement is entered into at the time of grant. Subject to regulatory requirements, the terms, conditions and limitations of options granted under the ESOP are determined by the HRC Committee.

The exercise price of an option will not be less than the market price of the Common Shares at the grant date, calculated as the closing price of a board lot of the Common Shares on the TSX on the last trading day preceding the date on which the option agreement granting the option is made, or, if at least one board lot of Common Shares shall not have been traded that day, on the next preceding day on which a board lot was traded.

The HRC Committee has the right to determine at the time of grant that a particular option will be exercisable in whole or in part on different dates or for reasons other than the passage of time. Each option (unless sooner terminated in accordance with the terms, conditions and limitations of the option) shall be exercisable during such period, not exceeding five years from the date the option was granted as the HRC Committee may determine. Prior to Board approval on February 15, 2005 of an amendment to the ESOP, options could be granted for a period of up to ten years from the date of grant. Options currently outstanding under the ESOP have a term of five years (except for small numbers of earlier plan options that have seven- and ten-year terms) and vest 30 percent on the first anniversary, an additional 30 percent on the second anniversary and an additional 40 percent on the third anniversary of the grant.

Tandem SARs

As of the beginning of 2004, all stock options granted under the ESOP have associated Tandem SARs, which entitle the optionee to surrender the right to exercise his or her option to purchase a specified number of Common Shares and to receive cash or Common Shares (at EnCana's discretion) in an amount equal to the excess of the closing price of the Common Shares on the TSX on the last trading day preceding the date of exercise of the Tandem SAR, over the exercise price for the option, multiplied by the number of optioned Common Shares surrendered. Where a Tandem SAR is exercised, the right to the underlying Common Share is forfeited and such number of Common Shares are returned to the Common Shares reserved and available for new option grants.

Non-Assignable, No Rights as a Shareholder and Adjustments

An option may be exercised only by the optionholder and will not be assignable, except on death. An optionholder only has rights as a shareholder of EnCana with respect to Common Shares that the optionholder has acquired through exercise of an option. Nothing in the ESOP or in any option agreement confers on any optionholder any right to remain as an officer or employee of EnCana or any subsidiary.

Adjustments will be made to the exercise price of an option, the number of Common Shares delivered to an optionholder upon exercise of an option and the maximum number of Common Shares that may at any time be reserved for issuance pursuant to options granted under the ESOP in certain circumstances, such as a stock dividend, split, recapitalization, merger, consolidation, combination or exchange of Common Shares or other similar corporate change.

Amendments

The Board of Directors may amend, suspend or terminate the ESOP in whole or in part, subject to obtaining any required stock exchange or regulatory approval. No such amendments, suspension or termination shall adversely affect rights under any outstanding options, without the consent of the optionee thereunder. EnCana has not amended the exercise price of any outstanding options and would only do so with shareholder approval.

The amendment provision described in the foregoing paragraph will be replaced with the more specific amendment provision contained in the proposed revised Section 11 to the ESOP, set out under the heading "Special Business of the Meeting – Amendments to Employee Stock Option Plan", if approved by the shareholders at the Meeting.

DIRECTORS' STOCK OPTION PLAN

EnCana's DSOP, approved by shareholders, is administered by the HRC Committee.

Effective October 25, 2005, EnCana terminated the DSOP, except as to options already granted under the DSOP and still outstanding. Prior to the termination of the DSOP, EnCana had discontinued grants under the DSOP on October 23, 2003.

Common Shares Reserved

As at February 28, 2007, there were 217,000 options outstanding under the DSOP, representing approximately 0.03 percent of the total number of outstanding Common Shares as at such date.

Exercise Price, Vesting and Expiry

For options granted prior to termination of the DSOP, the exercise price was the market price of the Common Shares on the trading day immediately preceding the grant date, calculated as the closing price of a board lot of the Common Shares on the TSX on the trading day immediately preceding the grant date, or, if Common Shares did not trade on that date, on the next preceding day on which a board lot was traded.

All outstanding options have vested and may be exercised, at any time prior to their expiry date, by an optionholder as to 100 percent of the optioned Common Shares or any part thereof. The expiry date of an option is five years after the grant date.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The ESOP and the DSOP are the only compensation plans under which equity securities of EnCana have been authorized for issuance. As of December 31, 2006, there were an aggregate of 29,065,164 options outstanding under the ESOP and DSOP, the details of which are as follows:

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a))
	(a)	(b)	(c)
Equity compensation plans approved by securityholders — ESOP and DSOP	29,065,164	\$36.14	20,662,522
Equity compensation plans not approved by securityholders	None	None	None
Total	<u>29,065,164</u>	<u>\$36.14</u>	<u>20,662,522</u>

DIRECTORS' AND OFFICERS' LIABILITY INSURANCE

The Corporation carries, on its own behalf and on behalf of its subsidiaries, a Directors' and Officers' Liability Policy. The Policy has an aggregate coverage limit of US\$215,000,000 in each policy year, subject to a corporate deductible of US\$2,500,000 on each loss. The annual premium paid by the Corporation in 2006 in respect of its directors and officers as a group was US\$2,587,379. This premium is for a 12-month term, May 1, 2006 to May 1, 2007, to coincide with the corporate insurance program.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

EnCana and its Board of Directors are committed to attaining the highest standards of corporate governance. The Corporation continually assesses and updates its practices and believes it employs a leading system of corporate governance to ensure the interests of shareholders are well protected. The Corporation fully complies with all applicable regulatory requirements concerning corporate governance.

In Canada, the Canadian securities regulatory authorities in all of the provinces and territories of Canada (collectively, the "CSA") adopted National Policy 58-201 *Corporate Governance Guidelines* ("NP 58-201") and National Instrument 58-101 *Disclosure of Corporate Governance Practices* ("NI 58-101") effective June 30, 2005. Disclosure of governance practices is now required in accordance with NI 58-101 and the TSX guidelines for corporate governance have been repealed.

With respect to the United States, the Corporation is required to comply with the provisions of the *Sarbanes-Oxley Act of 2002* and the rules adopted by the U.S. Securities and Exchange Commission ("SEC") pursuant to that Act, as well as the governance rules of the New York Stock Exchange ("NYSE"), in each case as applicable to foreign issuers. Most of the NYSE corporate governance standards are not mandatory for the Corporation as a non-U.S. company, but the Corporation is required to disclose the significant differences between its corporate governance practices and the requirements applicable to

U.S. companies listed on the NYSE under NYSE corporate governance standards. Except as summarized on EnCana's website www.encana.com, the Corporation is in compliance with the NYSE corporate governance standards in all significant respects.

The Board of Directors and its Committees continually evaluate and enhance the Corporation's corporate governance practices by monitoring Canadian and U.S. regulatory developments affecting corporate governance, accountability and transparency of public company disclosure.

The following statement of the Corporation's existing corporate governance practices is made in accordance with Form 58-101F1 of NI 58-101. Comments are also included with respect to certain applicable provisions of the *Sarbanes-Oxley Act of 2002*, related SEC rules, NYSE rules and Canadian rules relating to audit committees pursuant to Multilateral Instrument 52-110 ("MI 52-110"). The Corporation's approach to corporate governance meets or exceeds the best practices enunciated under NP 58-201.

BOARD OF DIRECTORS

Independence

The Board is currently composed of 14 directors, 13 of whom are independent directors. Mr. R.K. Eresman, EnCana's President & Chief Executive Officer, is the only Board member who is a member of the Corporation's management. Mr. G. Morgan retired as EnCana's Vice-Chairman effective October 25, 2006. Mr. M.N. Chernoff has chosen to retire from the Board effective April 25, 2007. Mr. A.P. Sawin and Mr. W.G. Thomson are new nominees to the Board.

The Board is responsible for determining whether or not each director is independent within the meaning of such term set forth in NI 58-101. In applying this definition, the Board considers all relationships of the directors with the Corporation, including business, family and other relationships. The Board has determined that Mr. R.K. Eresman is not considered independent due to his position as President & Chief Executive Officer.

The Board has also determined that the remainder of the proposed directors are independent directors on the basis that such directors have no direct or indirect material relationship with the issuer which could, in the view of EnCana's Board of Directors, be reasonably expected to interfere with the exercise of a member's independent judgment.

The Chair of the Board of EnCana, Mr. D.P. O'Brien, is independent. Pursuant to EnCana's By-Laws, the Chair and the Chief Executive Officer of the Corporation shall not be the same person, except in very limited circumstances. The Chair of the Board is required to ensure that the Board is properly organized, functions effectively and meets its obligations and responsibilities including those relating to corporate governance matters.

Majority Voting for Directors

The Board has adopted a policy requiring that a director tender his or her resignation if the director receives more "withheld" votes than "for" votes at any meeting where shareholders vote on the uncontested election of directors. The Nominating and Corporate Governance Committee ("NCG Committee") will consider the resignation and make a recommendation to the Board. The Board, in the absence of special circumstances, will accept the resignation consistent with an orderly transition. The director will not participate in any Committee or Board deliberations on the resignation offer. It is anticipated that the Board will make its decision to accept or reject the resignation within 90 days. The Board may fill the vacancy in accordance with the Corporation's By-Laws and applicable corporate laws.

Board Tenure

The Board has established a mandatory retirement age restriction whereby a director shall not stand for re-election at the first annual meeting after reaching the age of 71.

Board Meetings

In 2006, EnCana held 7 Board meetings and 25 Committee meetings. The overall combined attendance by EnCana directors at both Board and Committee meetings was 98.5 percent. EnCana's directors hold *in-camera* sessions, without non-independent directors and management members in attendance, at all regularly scheduled Board meetings. In addition, each of the Committees regularly holds *in-camera* sessions without non-independent directors and management members present. The Chair of the Board and the respective Committee Chairs act as the chair of such meetings. In 2006, there were 6 *in-camera* Board meetings and 17 *in-camera* Committee meetings. A detailed list of the meetings held with the attendance record of each director can be found on pages 10 and 11 of this Information Circular.

Non-EnCana Directorships

The Board has not adopted a formal policy limiting the number of outside directorships of EnCana's directors. Other public company board memberships held by director nominees of EnCana are set out in Appendix "A" attached to this

Information Circular. Directors who serve together on other boards are Mr. I.W. Delaney and Mr. J.M. Stanford, O.C., who are directors of OPTI Canada Inc., and Mr. I.W. Delaney and Mr. K.F. McCready, who are Trustees of Royal Utilities Income Fund. The Board does not believe these interlocking board relationships impact on the ability of these directors to act in the best interests of the Corporation.

BOARD MANDATE

The Board has adopted a written mandate which is attached as Appendix “C” to this Information Circular. The fundamental responsibility of the Board pursuant to the Board Mandate is to appoint a competent executive team and to oversee the management of the business, with a view to maximizing shareholder value and ensuring corporate conduct in an ethical and legal manner via an appropriate system of corporate governance and internal control. The Board Mandate sets out the key responsibilities of the Board in the stewardship of EnCana and includes the following primary responsibilities:

Supervision of Management

The Board is responsible for appointing the Chief Executive Officer and monitoring the Chief Executive Officer’s performance against a set of mutually agreed upon corporate objectives directed at maximizing shareholder value. The HRC Committee reviews and provides recommendations to the Board on succession planning, on senior management development and on the performance of management in relation to the accomplishment of their annual objectives. Annually, the HRC Committee measures management’s performance and total compensation against the combined set of objectives comprised in the annual budget and the strategic plan. The Board supports management’s commitment to training and developing all employees.

EnCana’s Strategic Plan

The Board is responsible for the annual review and approval of EnCana’s strategic plan. Key objectives of the strategic plan, as well as quantifiable operating and financial targets, and systems for the identification, monitoring and mitigation of principal business risks, are incorporated into the annual strategy review. The Board discusses and reviews all materials relating to the strategic plan with management and receives updates from management on the strategic plan throughout the year. Management must seek the Board’s approval for any transaction that would have a significant impact on the strategic plan.

Risk Management

The Board is responsible for ensuring that a system is in place to identify the principal risks to the Corporation and to monitor the process to manage such risks. The Audit Committee reviews and approves management’s identification of principal financial risks and meets regularly to review reports and discuss significant risk areas with the internal and external auditors. In addition, the Board ensures that an adequate system of internal control exists.

Communications

The Board is responsible for approving a communications policy or policies to ensure that a system for corporate communications to all stakeholders exists, including processes for consistent, transparent, regular and timely public disclosure, and to facilitate feedback from stakeholders.

EnCana provides detailed information on its business, operating and financial results on its website www.encana.com. EnCana’s news releases and other prescribed documents are required to be filed on the electronic database maintained by the CSA known as “SEDAR” www.sedar.com and by the SEC known as “EDGAR” www.sec.gov.

The Board receives regular reports on any key communications issues. Procedures to facilitate feedback from shareholders include the following:

- (a) shareholders may send comments via email to investor.relations@encana.com;
- (b) the Corporation’s Integrity Hotline via email to integrity.hotline@encana.com, or by telephone at 1-877-445-3222, or by correspondence to Integrity Hotline, c/o EnCana Corporation, 1800, 855 - 2 Street S.W., P.O. Box 2850, Calgary, Alberta, T2P 2S5; and
- (c) the Corporation’s transfer agent, CIBC Mellon, has a website www.cibcmellon.com and a toll-free number (1-800-387-0825) to assist shareholders.

Expectations of Directors

The Board Mandate also sets out the expectations and business duties of the directors, including the expectation for directors to attend all meetings and the responsibility to ensure that Board materials are distributed to all directors in advance of regularly scheduled meetings to allow for sufficient review.

Corporate Governance

The Board is responsible for establishing an appropriate system of corporate governance, including practices to ensure the Board functions independently of management and to ensure that processes are in place to address applicable regulatory, corporate, securities and other compliance matters. The Board has approved a Business Conduct & Ethics Practice for directors, officers, employees, contractors and consultants, and monitors compliance with the practice, and approves any waivers of the practice for officers and directors.

POSITION DESCRIPTIONS

EnCana has written guidelines for each of the President & Chief Executive Officer, the Chair of the Board and each Committee Chair which are available on the Corporation's website www.encana.com. The Board is responsible for monitoring the Chief Executive Officer's performance against a set of mutually agreed corporate objectives directed at maximizing shareholder value. As part of this process, the HRC Committee reviews and approves corporate goals and objectives relevant to the President & Chief Executive Officer compensation and evaluates the President & Chief Executive Officer's performance in light of these corporate goals and objectives. The Board has clearly defined limits with respect to management's authority.

ORIENTATION AND CONTINUING EDUCATION OF DIRECTORS

The NCG Committee is responsible for and has implemented procedures for the orientation and education of new Board members concerning their role and responsibilities and for the continued development of existing members of the Board. EnCana has instituted a formal program for new directors which includes a series of interviews and orientation sessions with senior management and field tours of major producing properties and areas of operations hosted by the respective division executive and senior operating staff. As part of the formal orientation, new directors receive an informational package containing the Corporation's strategic planning materials, directors' information handbook, recently issued disclosure materials, the Corporate Constitution and independent third party peer comparison information. In addition to the formal program, new Board members are encouraged to conduct their own due diligence through independent meetings with the Chair of the Board, President & Chief Executive Officer or any other director.

The Corporation provides continuing education opportunities for all directors so that individual directors can enhance their skills and have a current understanding of EnCana's business environment. Opportunities provided during 2006 were as follows:

- presentations by third party, expert advisors concerning pension investment matters; and
- tours of the Corporation's facilities, including the Corporation's coalbed methane operations in Alberta.

In addition to these specific events and other ongoing internal continuing education programs, directors have the opportunity to attend external educational programs to assist in their development as a director of the Corporation. All such external programs are approved through the Chair of the Board. The Chair of the Pension Committee attended the Mercer Pension Investment Management School during the fourth quarter of 2006.

ETHICAL BUSINESS CONDUCT

EnCana has adopted a Corporate Constitution ("Constitution") which sets out the basis on which EnCana will operate as a high performance, principled corporation. The Constitution and EnCana's Corporate Responsibility Policy establish the Corporation's commitment to conducting business ethically and legally. To provide further guidelines in this regard, the Board of Directors has adopted a written Business Conduct & Ethics Practice (the "Practice").

The Practice applies to all officers, employees, contractors and consultants (collectively, "staff") and directors. The Practice makes specific reference to the protection and proper use of EnCana's assets, fair dealings with EnCana's stakeholders and compliance with laws and regulations. All staff and the directors of EnCana are asked to review the Practice and confirm on a regular basis that they understand their individual responsibilities and conform to the requirements of the Practice.

Any waiver of the Practice for officers or directors may only be made by the Board of Directors and will be promptly disclosed to shareholders as required by law.

EnCana has established an Investigations Practice to provide an effective, consistent and appropriate procedure by which all incidents that potentially violate company policies or practices, or are potential violations under statutes, regulations, rules and polices applicable to the Corporation, are properly received, reviewed, investigated, documented and brought to appropriate resolution. For this purpose, an Investigations Committee, as well as an Investigations Steering Committee, review and oversee any investigations. The Investigations Committee refers violations related to any accounting, internal accounting controls or auditing matters to the Audit Committee. The Corporate Responsibility, Environment, Health and Safety Committee (the "CREHS Committee") and the Audit Committee receive a quarterly summary on the nature and status of

ongoing investigations and the resolutions of any investigations since the previous report. These Committees report any significant or material investigations to the Board of Directors.

In 2005, the Corporation implemented an Integrity Hotline. The Integrity Hotline provides an additional avenue for stakeholders to communicate concerns about how EnCana conducts its business. Concerns can be reported to the Integrity Hotline orally or in writing and may be made confidentially or anonymously. All concerns reported through the Integrity Hotline are handled in accordance with the Investigations Practice. An Integrity Hotline report, which preserves confidentiality and anonymity, is prepared on a quarterly basis and is provided to the CREHS and Audit Committees at regularly scheduled Committee meetings.

In addition to the statutory obligations of directors to address conflict of interest matters, the Corporation has developed a protocol to assist EnCana's executive team in managing in advance any potential conflicts of interest that may impact individual directors. The protocol requires an executive team member to confirm an individual director's potential conflict with the Chief Executive Officer, provide advice to the Chair for advance notice to the affected director, ensure the portion of written reference material which gives rise to a conflict is excluded from the pre-meeting distribution to the affected director and, with respect to the particular item in question, recommend directly to the affected director that he or she abstain from participating in the meeting or excuse themselves from the meeting.

The Corporation also has a Policy on Disclosure, Confidentiality and Employee Trading that governs the conduct of all staff and directors and Restricted Trading and Insider Guidelines for directors and senior officers.

The President & Chief Executive Officer General Guidelines require the President & Chief Executive Officer to foster a corporate culture that promotes ethical practices and encourages individual integrity and social responsibility.

The Corporate Constitution, Corporate Responsibility Policy, Business Conduct & Ethics Practice, and the President & Chief Executive Officer General Guidelines are available on the Corporation's website www.encana.com.

NOMINATION OF DIRECTORS

The Board has appointed the NCG Committee which is comprised exclusively of independent directors. The NCG Committee has a written mandate establishing the NCG Committee's purpose which includes assessing and recommending new nominees to the Board. In assessing new nominees, the NCG Committee seeks to ensure that there is a sufficient range of skills, expertise and experience to ensure that the Board can carry out its Mandate and functions effectively. The NCG Committee receives and evaluates suggestions for candidates from individual directors, the President & Chief Executive Officer and from professional search organizations.

The NCG Committee gives consideration to the appropriate size of the Board for the ensuing year and, on a periodic basis, oversees the evaluation of, assesses and considers the effectiveness of the Board as a whole, the Committees of the Board and the contribution of individual members.

The NCG Committee is also responsible for reviewing, reporting and providing recommendations for improvement to the Board with respect to all aspects of corporate governance. The NCG Committee is responsible for this Statement of Corporate Governance Practices. The NCG Committee monitors best practices among major Canadian and U.S. companies to help ensure EnCana continues to adhere to high standards of corporate governance.

The NCG Committee has the authority to retain and terminate any search firm to be used by the NCG Committee or the Board to identify candidates. The NCG Committee, upon approval by a majority of the members, may engage any outside resources deemed advisable.

COMPENSATION

The Board has appointed the HRC Committee which is comprised exclusively of independent directors. The HRC Committee has a written mandate which establishes the responsibilities of the HRC Committee. The HRC Committee may engage outside resources if deemed advisable and has the authority to retain and terminate any consultant used in the evaluation of senior officer compensation.

The primary function of the HRC Committee is to assist the Board in carrying out its responsibilities by reviewing compensation and human resources issues in support of the achievement of the Corporation's business strategy and making recommendations to the Board as appropriate. In particular, the HRC Committee is responsible for reviewing and approving corporate goals and objectives relevant to Chief Executive Officer compensation, evaluating the Chief Executive Officer's performance against those goals and objectives and making recommendations to the Board with respect to the Chief Executive Officer's compensation. The HRC Committee also approves and reports to the Board on the compensation for EnCana's other senior officers.

The Board reviews the adequacy and form of the directors' compensation to ensure that it realistically reflects the responsibilities and risks involved in being a director of EnCana. The NCG Committee recommends to the Board, for approval, the directors' compensation and the remuneration for the non-executive Chair of the Board. See pages 25 and 26 of this Information Circular for information relating to the compensation received by the directors in 2006.

Towers Perrin advises EnCana on compensation and pension matters, including executive and director compensation. Towers Perrin also provides updates to EnCana on trends and best practices in the area of human resources and advises EnCana on the design of compensation plans. Annually, Towers Perrin provides a report to the HRC Committee with respect to compensation of senior executives and conducts a competitive compensation review of the salaries and short and long-term incentives provided to other EnCana employees relative to the compensation philosophy approved by the HRC Committee. In addition, Towers Perrin:

- serves as actuary and consultant for the EnCana Corporation Canadian Pension Plan;
- serves as asset management consultant for the pension and investment plans; and
- conducts compensation and workforce surveys, in which the Corporation participates, and advises on compensation and related matters.

The HRC Committee has retained Hewitt Associates to provide the HRC Committee with independent compensation consulting services. Pursuant to their engagement, Hewitt Associates advises the HRC Committee in its review of executive compensation practices, executive compensation plan designs, market trends and regulatory considerations.

Hewitt Associates does not recommend compensation levels for senior executives of the Corporation; however, the engagement by the HRC Committee of an independent consultant provides the HRC Committee with additional expertise and a broader independent perspective on compensation plans and executive compensation. Hewitt Associates takes direction from and reports to the HRC Committee through the Chair of the HRC Committee. The HRC Committee Chair reviews the performance of Hewitt Associates on an annual basis and approves all compensation paid to Hewitt Associates for their consulting services. Hewitt Associates has not been retained by EnCana for any other consulting services, however, EnCana has purchased certain publications and surveys from Hewitt Associates.

The HRC Committee also reviews, comments on and approves the Statement of Executive Compensation contained in this Information Circular.

AUDIT COMMITTEE

All of the Audit Committee members are independent and financially literate pursuant to MI 52-110.

MI 52-110 provides that an individual is "financially literate" if he or she has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Corporation's financial statements.

The SEC requires a company, like the Corporation, that files reports under the *U.S. Securities Exchange Act of 1934* to disclose annually whether its board of directors has determined that there is at least one "audit committee financial expert" on its audit committee, and if so, the name of the audit committee financial expert. The rule defines "audit committee financial expert" to mean a person who has the following attributes:

- an understanding of financial statements and, in the case of the Corporation, Canadian generally accepted accounting principles;
- the ability to assess the general application of such principles in connection with the accounting for estimates, accruals and reserves;
- experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the Corporation's financial statements, or experience actively supervising one or more persons engaged in such activities;
- an understanding of internal controls and procedures for financial reporting; and
- an understanding of audit committee functions.

One Audit Committee member, Ms. J.L. Peverett, has been determined by the Board to be an "audit committee financial expert" as that term is defined by the SEC.

The SEC further requires, pursuant to Rule 10A-3 of the *U.S. Securities Exchange Act of 1934*, that each member of a company's audit committee be independent. All of the Audit Committee members are "independent" as that term is defined by the SEC.

The Audit Committee has adopted a written mandate which sets out the Audit Committee's duties and responsibilities including the following: the engagement, evaluation, remuneration and retention of the external auditors; reviewing and discussing the Corporation's annual audited and quarterly unaudited financial statements with management and the external auditors; providing an avenue of communication among the external auditors, management, the internal auditing department and the Board; establishing and reviewing procedures to receive and address complaints received by the Corporation regarding accounting, internal accounting controls or audit matters and to receive and address anonymous and confidential submissions by employees of the Corporation regarding accounting or auditing matters; discussing guidelines and policies to govern the process by which financial risk assessment and financial risk management is undertaken; regularly reporting to the Board on issues that arise with respect to the quality and integrity of the Corporation's financial statements; and the determination of which non-audit services the external auditors are prohibited from providing. The Audit Committee Mandate specifies that the external auditors shall report directly to the Audit Committee in its capacity as a Committee of the Board. The Board reviews and re-assesses, with input from the NCG Committee, this Mandate on an annual basis.

The Audit Committee reviews and provides recommendations to the Board on the adequacy of EnCana's internal control system and ensures that management, the external auditors and the internal auditors provide to the Audit Committee an annual report on the Corporation's control environment as it pertains to the Corporation's financial reporting process and controls.

The Audit Committee meets regularly *in-camera* with the internal auditors and the external auditors. The Audit Committee Mandate requires that the Audit Committee meet regularly with the external auditors without management present.

The Audit Committee may retain, obtain advice or otherwise receive assistance from independent counsel, accountants or others to assist it in carrying out any of its duties.

For further information about EnCana's Audit Committee and a copy of the Audit Committee Mandate, please see pages 51 and 52 and Appendix "C" of the Corporation's Annual Information Form dated February 23, 2007 which is available on the Corporation's website www.encana.com.

RESERVES COMMITTEE

EnCana has 100 percent of its reserves evaluated by independent qualified reserve evaluators. The Board has appointed a Reserves Committee comprised solely of independent directors. Pursuant to its Mandate, the Reserves Committee reviews the qualifications and appointment of the independent qualified reserve evaluators, the procedures for providing information to the evaluators and the annual reserves estimates prior to public disclosure.

OTHER BOARD COMMITTEES

In addition to establishing an Audit Committee, HRC Committee, NCG Committee and Reserves Committee, the Board has established Committees in the areas of Corporate Responsibility, Environment, Health and Safety and in Pension.

The CREHS Committee's primary function is to assist the Board in fulfilling its role in oversight and governance by reviewing, reporting and making recommendations to the Board on EnCana's policies, standards and practices with respect to corporate responsibility, including the environment, occupational health, safety, security, and overall business conduct and ethics.

The Pension Committee's primary function is to assist the Board in carrying out its fiduciary responsibilities by reviewing pension issues and making recommendations to the Board as appropriate, and overseeing the investment management of the Corporation's savings and investment plans.

Current Mandates for each of the Committees are available on the Corporation's website www.encana.com.

ASSESSMENTS OF THE BOARD

The Board is required to establish appropriate practices for the regular evaluation of the effectiveness of the Board, its Committees and its members.

The NCG Committee is responsible for assessing the effectiveness of the Board and Committees of the Board. As part of its process, the Chair of the NCG Committee meets periodically with each director to discuss the effectiveness of the Board, Committees of the Board and each director. To assist the Chair in his review, each director completes an anonymous effectiveness questionnaire annually as well as periodic self and peer evaluation forms. Formal long-form effectiveness questionnaires are used every two years, and more abbreviated forms are used in alternating years. The assessments include a review of an individual director's knowledge, skills, experience and meaningful contributions.

The Vice-Chair of the NCG Committee also meets periodically with the Chair of the NCG Committee to discuss his effectiveness as the Chair of the Board, Chair of the NCG Committee and as a member of the Board. The NCG Committee assesses the adequacy of information given to directors, communication between the Board and management and the processes of the Board and Committees.

The NCG Committee will recommend to the Board any changes that would enhance the performance of the Board based on all of the NCG Committee's assessments.

KEY GOVERNANCE DOCUMENTS

There are many policies and practices that support the corporate framework at EnCana. The following documents constitute key components of EnCana's corporate governance system and can be found on the Corporation's website www.encana.com:

- Business Conduct & Ethics Practice
- Corporate Constitution
- Corporate Responsibility Policy
- Board of Directors' Mandate
- Chair of the Board of Directors and Committee Chair General Guidelines
- President & Chief Executive Officer General Guidelines
- Audit Committee Mandate
- Corporate Responsibility, Environment, Health and Safety Committee Mandate
- Human Resources and Compensation Committee Mandate
- Nominating and Corporate Governance Committee Mandate
- Pension Committee Mandate
- Reserves Committee Mandate

OTHER MATTERS

The management of the Corporation is not aware of any business to be presented for action by the shareholders at the Meeting other than that mentioned herein or in the Notice of Meeting.

SHAREHOLDER PROPOSALS

The final date by which the Corporation must receive shareholder proposals for the annual meeting of shareholders of the Corporation to be held in 2008 is December 14, 2007. All proposals should be sent by registered mail to the Corporate Secretary, EnCana Corporation, 1800, 855 - 2 Street S.W., P.O. Box 2850, Calgary, Alberta, T2P 2S5.

ADDITIONAL INFORMATION

For those shareholders who cannot attend the Meeting in person, EnCana has made arrangements to provide a live webcast of the Meeting. Details on how shareholders may access the proceedings on the webcast will be found on the EnCana website www.encana.com and will also be provided in a news release prior to the Meeting.

Additional information concerning the Corporation, including the Corporation's consolidated interim and annual financial statements and management's discussion and analysis thereon, and the Corporation's latest Annual Information Form dated February 23, 2007, is available through the internet on the Canadian System for Electronic Document Analysis and Retrieval (SEDAR) which may be accessed at www.sedar.com.

The Corporation will provide, without charge to a securityholder, a copy of the Corporation's latest Annual Information Form dated February 23, 2007 and any documents incorporated therein by reference, its 2006 Annual Report to shareholders containing the comparative financial statements for 2006 together with the Auditors' Report thereon and Management's Discussion and Analysis, interim financial statements for subsequent periods, and this Information Circular upon request to the Corporate Secretary, EnCana Corporation, 1800, 855 - 2 Street S.W., P.O. Box 2850, Calgary, Alberta, T2P 2S5, telephone: (403) 645-2000. This information may also be accessed on the Corporation's website www.encana.com.

APPENDIX “B”

ADVISORY REGARDING RESERVES DATA AND OTHER OIL AND GAS INFORMATION

The reserves and other oil and gas information contained in this Information Circular have been prepared in accordance with U.S. disclosure standards, in reliance on an exemption from the Canadian disclosure standards granted to EnCana by Canadian securities regulatory authorities. Such information may differ from the corresponding information prepared in accordance with Canadian disclosure standards under National Instrument 51-101 *Standards of Disclosure for Oil and Gas Activities* (“NI 51-101”). The reserves quantities disclosed in this Information Circular represent net proved reserves calculated on a constant price basis using the standards contained in U.S. Securities and Exchange Commission Regulation S-X and FASB Statement No. 69 “Disclosures about Oil and Gas Producing Activities”. For additional information with respect to the differences between U.S. requirements and NI 51-101 requirements, please refer to EnCana’s Annual Information Form dated February 23, 2007.

The following sets out the methods of calculation of Mcfes, production replacement, finding and development costs and reserve replacement cost referred to on page 20 of this Information Circular as required pursuant to NI 51-101:

- Certain crude oil and natural gas liquids (“NGLs”) volumes have been converted to cubic feet equivalent (“cfe”) on the basis of one barrel (“bbl”) to six thousand cubic feet (“Mcf”). Also, certain natural gas volumes have been converted to barrels of oil equivalent (“BOE”) on the same basis. BOE and cfe may be misleading, particularly if used in isolation. A conversion ratio of one bbl to six Mcf is based on an energy equivalency conversion method primarily applicable at the burner tip and does not represent value equivalency at the well head.
- Production replacement is calculated by dividing reserve additions by production in the same period. Reserve additions over a given period, in this case 2006, are calculated by summing one or more of revisions and improved recovery, extensions and discoveries, acquisitions and divestitures. Reserve replacement cost is calculated by dividing total capital invested in finding, development and acquisitions net of divestitures by reserve additions in the same period.
- Finding and development cost is calculated by dividing total capital invested in finding and development activities by additions to proved reserves, before acquisitions and divestitures, which is the sum of revisions, extensions and discoveries. Proved reserves added in 2006 included both developed and undeveloped quantities. Additions to EnCana’s proved undeveloped reserves were consistent with EnCana’s resource play focus. EnCana estimates that approximately two-thirds of its proved undeveloped reserves will be developed within the next three to four years.

	2006	2005	2004	3-year Average
Reserve replacement cost for total operations (\$/Mcf)	2.09	0.91	1.40	1.34
Finding and development cost for total operations (\$/Mcf)	1.99	1.29	1.44	1.52

EnCana uses the aforementioned metrics as indicators of relative performance, along with a number of other measures. Many performance measures exist, all measures have limitations and historical measures are not necessarily indicative of future performance.

NON-GAAP MEASURES

The Corporation’s financial statements are prepared in accordance with Canadian generally accepted accounting principles (“GAAP”). This Information Circular, however, contains references to non-GAAP measures, such as cash flow, total operating earnings and free cash flow, which do not have any standardized meaning as prescribed by GAAP. Therefore, these measures may not be comparable to similar measures presented by other issuers.

- Cash flow is a non-GAAP measure defined as Cash from Operating Activities excluding net change in other assets and liabilities, net change in non-cash working capital from continuing operations and net change in non-cash working capital from discontinued operations, all of which are defined on the Consolidated Statement of Cash Flows.
- Total operating earnings is a non-GAAP measure that shows net earnings excluding non-operating items such as the after-tax impacts of a gain on the sale of discontinued operations, the after-tax gain/loss of unrealized mark-to-market accounting for derivative instruments, the after-tax gain/loss on translation of U.S. dollar denominated debt issued in Canada and the effect of the reduction in income tax rates. Management believes that these excluded items reduce the comparability of the Corporation’s underlying financial performance between periods. The majority of the unrealized gains/losses that relate to U.S. dollar debt issued in Canada are for debt with maturity dates in excess of five years.
- Free cash flow is a non-GAAP measure that EnCana defines as cash flow in excess of core capital investment.

APPENDIX “C”

BOARD OF DIRECTORS’ MANDATE

GENERAL

The fundamental responsibility of the Board of Directors is to appoint a competent executive team and to oversee the management of the business, with a view to maximizing shareholder value and ensuring corporate conduct in an ethical and legal manner via an appropriate system of corporate governance and internal control.

SPECIFIC

Executive Team Responsibility

- Appoint the Chief Executive Officer (“CEO”) and senior officers, approve their compensation, and monitor the CEO’s performance against a set of mutually agreed corporate objectives directed at maximizing shareholder value.
- In conjunction with the CEO, develop a clear mandate for the CEO, which includes a delineation of management’s responsibilities.
- Ensure that a process is established that adequately provides for succession planning, including the appointing, training and monitoring of senior management.
- Establish limits of authority delegated to management.

Operational Effectiveness and Financial Reporting

- Annual review and adoption of a strategic planning process and approval of the corporate strategic plan, which takes into account, among other things, the opportunities and risks of the business.
- Ensure that a system is in place to identify the principal risks to the Corporation and that the best practical procedures are in place to monitor and mitigate the risks.
- Ensure that processes are in place to address applicable regulatory, corporate, securities and other compliance matters.
- Ensure that an adequate system of internal control exists.
- Ensure that due diligence processes and appropriate controls are in place with respect to applicable certification requirements regarding the Corporation’s financial and other disclosure.
- Review and approve the Corporation’s financial statements and oversee the Corporation’s compliance with applicable audit, accounting and reporting requirements.
- Approve annual operating and capital budgets.
- Review and consider for approval all amendments or departures proposed by management from established strategy, capital and operating budgets or matters of policy which diverge from the ordinary course of business.
- Review operating and financial performance results relative to established strategy, budgets and objectives.

Integrity/Corporate Conduct

- Approve a communications policy or policies to ensure that a system for corporate communications to all stakeholders exists, including processes for consistent, transparent, regular and timely public disclosure, and to facilitate feedback from stakeholders.
- Approve a Business Conduct and Ethics Practice for directors, officers, employees, contractors and consultants and monitor compliance with the Practice and approve any waivers of the Practice for officers and directors.

Board Process/Effectiveness

- Ensure that Board materials are distributed to directors in advance of regularly scheduled meetings to allow for sufficient review of the materials prior to the meeting. Directors are expected to attend all meetings.
- Engage in the process of determining Board member qualifications with the Nominating and Corporate Governance Committee including ensuring that a majority of directors qualify as independent directors pursuant to National Instrument 58-101 Disclosure of Corporate Governance Practices (as implemented by the Canadian Securities Administrators and as amended from time to time).
- Approve the nomination of directors.

- Provide a comprehensive orientation to each new director.
- Establish an appropriate system of corporate governance including practices to ensure the Board functions independently of management.
- Establish appropriate practices for the regular evaluation of the effectiveness of the Board, its committees and its members.
- Establish committees and approve their respective mandates and the limits of authority delegated to each committee.
- Review and re-assess the adequacy of the Audit Committee Mandate on a regular basis, but not less frequently than on an annual basis.
- Review the adequacy and form of the directors' compensation to ensure it realistically reflects the responsibilities and risks involved in being a director.
- Each member of the Board is expected to understand the nature and operations of the Corporation's business, and have an awareness of the political, economic and social trends prevailing in all countries or regions in which the Corporation invests, or is contemplating potential investment.
- Independent directors shall meet regularly, and in no case less frequently than quarterly, without non-independent directors and management participation.
- In addition to the above, adherence to all other Board responsibilities as set forth in the Corporation's By-Laws, Corporate Constitution, applicable policies and practices and other statutory and regulatory obligations, such as approval of dividends, issuance of securities, etc., is expected.
