ChromaLynx XS Component Report
LCT Premiere XE TOF

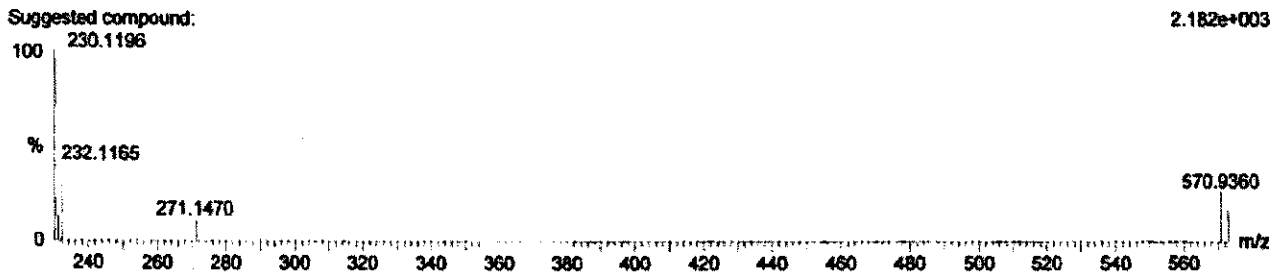

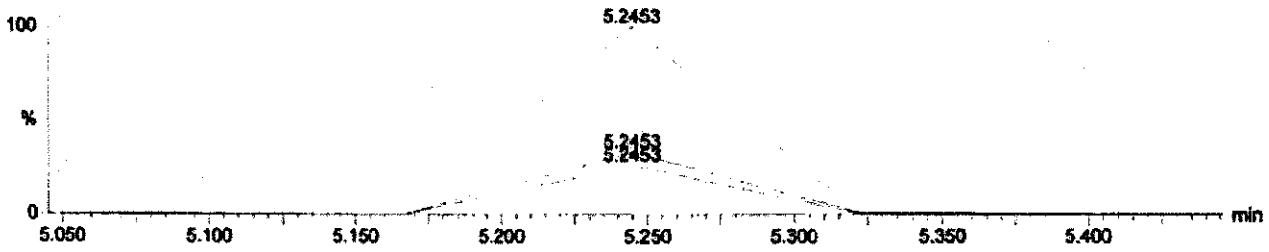

Dataset: C:\MassLynx\Pavillion.PRO\Pavillion Non-Target Screening.ids
Last Altered: Saturday, March 28, 2009 14:07:11

*Sample 04 TOF
ESI+*

Printed: Saturday, March 28, 2009 14:10:54

Method: C:\MassLynx\Pavillion.PRO\MethDB\Non-Targeted Screening.idm

Sample Name: 04, ID: 04
Function: ES+ TOF MS 40V
Component ID: .

There are no library matches for this component.

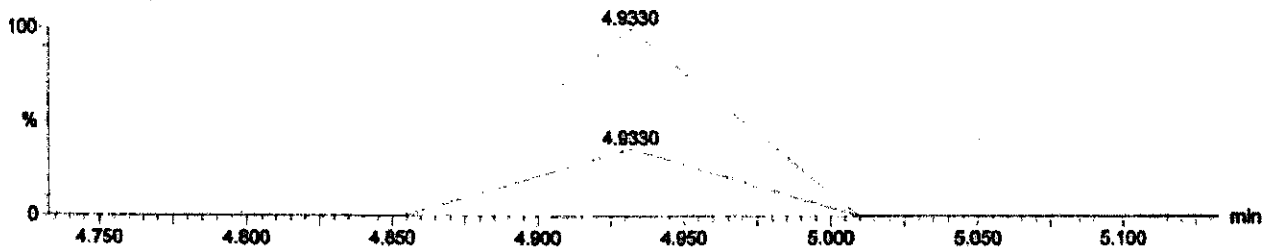

*Terbutylamine
(carbide)*

Dataset: C:\MassLynx\Pavillion.PRO\Pavillion Non-Target Screening.lids
Last Altered: Monday, March 30, 2009 15:10:19

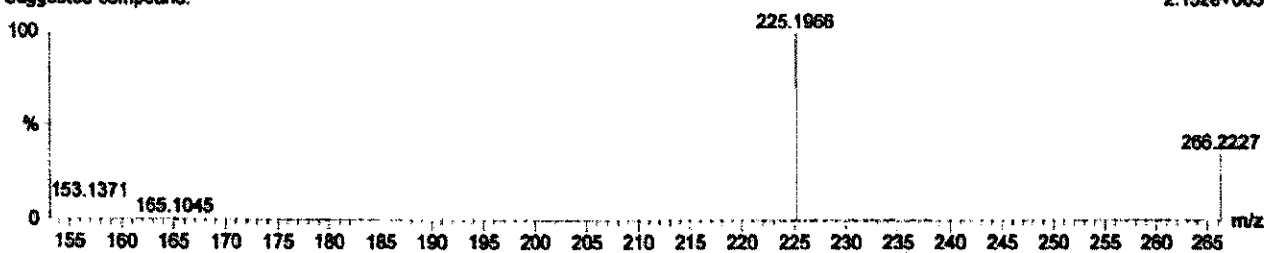

Printed: Monday, March 30, 2009 16:37:44

Method : C:\MassLynx\Pavillion.PROMETHDB\Non-Targeted Screening.lidm

Sample Name: 07, ID: 07
Function : ES+ TOF MS 40V
Component ID : .

Suggested compound:

There are no library matches for this component.

Cuscutigrine (alkaloid)

*1,5-dicyclohexyl urea
(antihypertensive)*

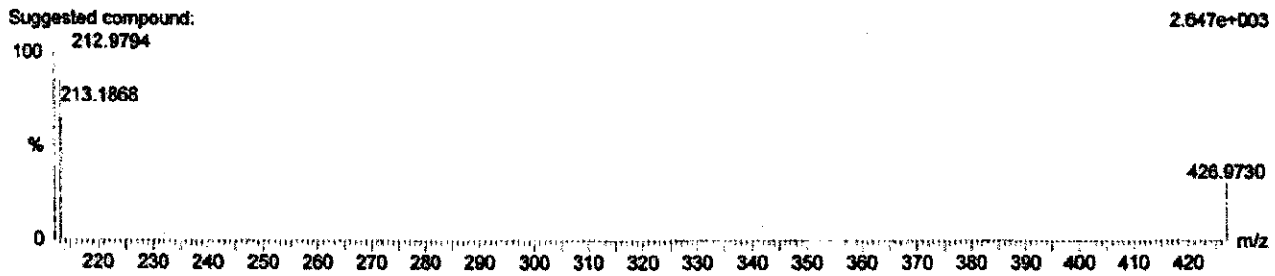

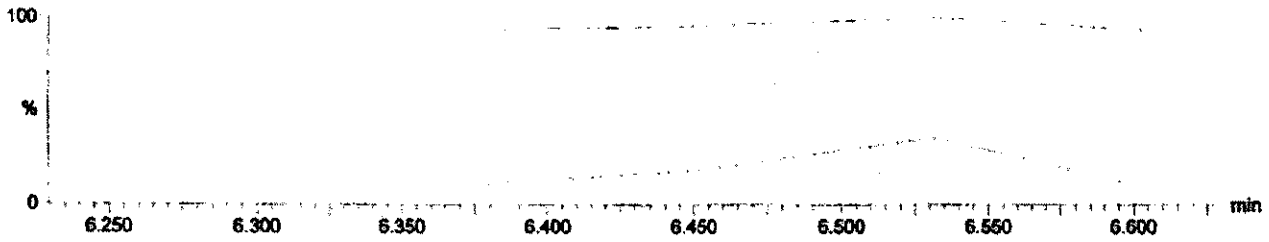

Sample 07
ES-TOF

Dataset: C:\MassLynx\Pavillion.PRO\Pavillion Non-Target Screening.ids
Last Altered: Monday, March 30, 2009 15:10:19

Printed: Monday, March 30, 2009 22:43:19

Method : C:\MassLynx\Pavillion.PRO\METHOD\Non-Targeted Screening.idm

Sample Name: 07, ID: 07
Function : ES- TOF MS 40V
Component ID : .

There are no library matches for this component.

Nicotinic acid, benzoylester
Pharmaceutical

Search Results

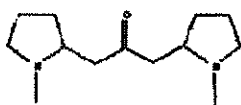

2 matching species were found.

For each matching species the following will be displayed:

- Chemical name
- Chemical formula
- Structure image (if available)

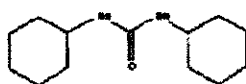

Click on the name to see more data.

1. Cuscuthyrimine (C₁₃H₂₄N₂O)

alkaloid found in coca

2. 1,3-bis(cyclohexyl)urea (C₁₃H₂₄N₂O)

anti-hypertensive drug
