

ENCANA CORPORATION Expression of Interest (EOI)

PROVISION OF: Marine Consultant
BIDS Category: 9140
9142
Reference: EOI EN17
Issue Date: August 6, 2008
Closing Date: August 13, 2008

DEEP PANUKE PROJECT SUMMARY

EnCana Corporation is developing the Deep Panuke natural gas project in the Sable Island area of Nova Scotia's offshore from its offices in Halifax. The project involves the installation of the facilities required to produce natural gas from the Deep Panuke field in about 45 meters water depth, located approximately 175 kilometres offshore Nova Scotia. Produced gas will be transported by subsea pipeline to Goldboro, N.S., where it will be transported via the Maritimes & Northeast Pipeline (M&NP) to markets in Eastern Canada and the northeastern United States. First gas from the project is expected in 2010.

PROJECT QUICK FACTS

- The project was approved for development by EnCana's Board of Directors in October 2007.
- EnCana has entered into an agreement with Single Buoy Moorings Inc. (SBM) for the provision and operation of the Deep Panuke production field centre.
- Production will result from the re-entry and re-completion of four existing, suspended wells.
- In addition, an acid gas injection (AGI) well will be drilled.
- Vetco Gray to provide subsea wellheads and trees.
- Acergy to provide subsea umbilicals, infield flowlines, and controls.

The four production wells can be summarized as follows, were drilled with jack-up rigs, and will be equipped for subsea production by means of a mudline conversion to subsea wellhead equipment:

Identification	Spud Date	Water Depth (m)
Panuke H-08	May 2000	36.5
Panuke M-79A	October 2000	45.4
Margaree F-70	May 2003	42.5
MarCoh D-41	August 2003	43.4

CNSOPB

Canada-Nova Scotia Offshore Petroleum Board (CNSOPB) is the joint federal / provincial agency responsible for regulation of oil and gas industry activities in the offshore area of Nova Scotia. Application must be made to CNSOPB for work authorizations including drilling and re-entries and re-completions.

BUSINESS OPPORTUNITIES

EnCana is committed to providing opportunities for Nova Scotian and Canadian companies through employment, procurement and contracting on an internationally competitive basis, with full and fair opportunity for Nova Scotians and Canadians, and first consideration to Nova Scotians where competitive on a best value basis. Companies who have been invited to tender will be required to complete a Canada-Nova Scotia Benefits Questionnaire, and demonstrate their commitment to and compliance with EnCana's requirements regarding Canada-Nova Scotia Benefits, during the tender process.

Interested firms are requested to demonstrate their capabilities and experience via a formal response to this EOI.

SCOPE

EnCana is seeking interested firms for the provision of a marine consultant as required from time to time by Company's Operations group in support of its Deep Panuke Development. The Work may involve visits to vessels and facilities, but will otherwise be based in **COMPANY'S** Halifax offices where **COMPANY** will provide office space and support services.

The work could include the following:

- Assist EnCana staff with the development of expressions of interest and tender documents as well as with the evaluation of proposals and support contract negotiations;
- Participate in establishment of marine operations procedures with EnCana's Operations group;
- Ensure compliance with Company's requirements and those of project regulatory agencies such as, CCG, CNSOPB, CCRA, CTA, HRDC, LRS, and others.
- Organize and execute vessel assessment surveys and contractor marine operations audits.
- Conduct vessel on-hire and off-hire surveys
- Provide marine consulting services as required to support field construction activities such as field supply/support vessels, dive support vessels (DSV), pipelay and trenching vessels, etc.
- Participate in safety assessments, hazards identification and mitigation efforts
- Monitor contractor performance and ensure contract compliance

Ideal candidates would have the following knowledge and experience:

- Extensive experience in offshore oil and gas marine operations supporting field construction activities.
- Knowledge of local regulations governing offshore oil and gas marine operations.
- Experience in conducting vessel inspections and assessment of marine operations procedures.

PROJECT REQUIREMENTS

1. Interested parties are required to have a registered Quality Management System and a current certificate issued by a recognized third party that certifies that the Quality Management System meets the requirements of ISO 9001.
2. All work carried out on the Deep Panuke Project shall comply fully with Canada-Nova Scotia Offshore Petroleum Board Regulations.
3. Contractors shall have previous experience and solid Quality and EHS management performance on similar projects.
4. Contractor shall have an electronic reporting and inspection tracking system which is maintained in a current state;
5. Offshore personnel will be required to have valid Basic Survival Training acceptable to the CNSOPB and a valid H2S certificate.

INFORMATION REQUESTED WITH EOI RESPONSE

Qualified firms are invited to indicate their interest by submitting the following:

- company name and contact details
- summary of related experience
- origin / availability of associated equipment

Responses must be concise and must not include brochures, financial statements, program documentation, etc.

EnCana will select qualified bidders using the responses to this EOI as a guide. Any eventual list of Bidders will be posted on BIDS Nova Scotia's website. EnCana reserves the right to select more than one Contractor to execute the above Scope of Work.

EnCana is under no obligation to proceed with a Request for Proposal as a result of this call for Expressions of Interest. Respondents that qualify will be invited to participate in the event Proposals are solicited.

Expressions of Interest must be received on or before August 13, 2008 2:00 PM Atlantic time.

All inquires and Expression of Interest must be clearly marked with the EOI reference number and should be directed to:
